FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Howard Rosenfeld
DOCKET NO.: 24-49520.001-R-1
PARCEL NO.: 14-32-422-031-0000

The parties of record before the Property Tax Appeal Board are Howard Rosenfeld, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$46,500
IMPR.:	$91,000
TOTAL:	$137,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of frame exterior construction with 2,600 square feet of living area. The dwelling is approximately 142 years old. Features include a full basement with finished area, central air conditioning, and two fireplaces. The property has a 3,000 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant content assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story or 3-story, class 2-06 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,952 to 4,500 square feet of living area. The homes

are from 135 to 141 years old. Each comparable has a full basement. Four comparables each have central air conditioning. One comparable has two fireplaces. Four comparables each have from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from $76,720 to $115,456 or from $20.84 to $30.00 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $137,500. The subject property has an improvement assessment of $91,000 or $35.00 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-05 or class 2-06 dwellings of frame or masonry exterior construction ranging in size from 2,130 to 2,754 square feet of living area. The homes are from 133 to 147 years old. Each comparable has a full or partial basement, three of which have finished area. Three comparables each have central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from $86,201 to $113,220 or from $38.25 to $44.56 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #4 due to differences when compared to the subject in dwelling size and/or which have a dissimilar 3-story design, in contrast to the subject's 2-story design.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2, and #3 which are overall more similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features. The best comparables have improvement assessments ranging from $103,244 to $113,220 or from $38.25 to $44.56 per square foot of living area. The subject's improvement assessment of $91,000 or $35.00 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
