FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: D. Geoff Hunter
DOCKET NO.: 24-49878.001-R-1
PARCEL NO.: 14-33-206-057-0000

The parties of record before the Property Tax Appeal Board are D. Geoff Hunter, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$34,286
IMPR.:	$120,028
TOTAL:	$154,314

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,690 square feet of living area. The dwelling is approximately 136 years old. Features include a full basement finished with a recreation room, central air conditioning, and a 2-car garage. The property has a 2,212 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-06 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,438 to 2,952 square feet of living area. The dwellings are

from 136 to 144 years old. Each comparable has a full basement. Four comparables each have central air conditioning and a 2-car or a 2.5-car garage. Three comparables each have one or two fireplaces. The comparables have improvement assessments ranging from $65,913 to $76,720 or from $25.99 to $28.86 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $154,314. The subject property has an improvement assessment of $120,028 or $44.62 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story or 3-story, class 2-06 dwellings of masonry exterior construction ranging in size from 2,304 to 2,951 square feet of living area. The dwellings are either 143 or 147 years old. Each comparable has a full basement, two of which have finished area, central air conditioning, and a 2-car or a 3-car garage. Two comparables each have two fireplaces. The comparables have improvement assessments that range from $112,626 to $141,563 or from $47.24 to $49.99 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4 which lacks central air conditioning and a garage amenity, both of which are features of the subject. The Board also gives less weight to the board of review comparables #2 and #3 due to substantial differences when compared to the subject in dwelling size or which have a dissimilar 3-story-height when compared to the subject 2-story-height.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which overall are more similar to the subject in location, story-height, classification, age, dwelling size, and other features. These comparables have improvement assessments ranging from $65,913 to $139,404 or from $25.99 to $47.24 per square foot of living area. The subject's improvement assessment of $120,028 or $44.62 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
