FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Dacia Heck
DOCKET NO.: 24-50236.001-R-1
PARCEL NO.: 14-33-400-009-0000

The parties of record before the Property Tax Appeal Board are Dacia Heck, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$42,780
IMPR.:	$86,493
TOTAL:	$129,273

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story building of masonry exterior construction with 2,809 square feet of gross building area. The building is approximately 145 years old. Features include central air conditioning and a 2-car garage.[1] The property has a 2,760 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are

[1] The parties disagree as to the subject's foundation with the appellant disclosing it has a full basement with finished area and the board of review disclosing it has a slab foundation. However, neither party provided additional evidence to resolve this discrepancy.

improved with 2-story or 3-story, class 2-11 buildings of masonry exterior construction ranging in size from 5,040 to 5,598 square feet of gross building area. The buildings are from 128 to 146 years old. Each comparable has a full basement. One comparable has central air conditioning. Three comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from $86,028 to $95,008 or from $16.50 to $17.50 per square foot of gross building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $129,273. The subject property has an improvement assessment of $86,493 or $30.79 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story or 3-story, class 2-11 buildings of masonry exterior construction ranging in size from 2,258 to 2,850 square feet of gross building area. The buildings are from 127 to 147 years old. Each comparable has a full basement, two of which have finished area. Two comparables each have central air conditioning. One comparable has two fireplaces. Three comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from $72,437 to $100,800 or from $32.08 to $35.37 per square foot of gross building area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, as well as board of review comparables #2 and #4, due to substantial differences when compared to the subject in size and/or have a dissimilar story-height when compared to the subject building. The Board finds the best evidence of assessment equity to be board of review comparables #1 and #3 which are overall more similar to the subject in location, classification, story-height, age, and size with varying degrees of similarity in other features. These comparables have improvement assessments of $84,238 and $100,800 or $32.47 and $35.37 per square foot of gross building area, respectively. The subject's improvement assessment of $86,493 or $30.79 per square foot of gross building area is bracketed by the two best comparables in this record on an overall basis and falls below them on a per square foot basis. Based on this record and after considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
