FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Linda Siebert Rapoport
DOCKET NO.: 24-50261.001-R-1
PARCEL NO.: 17-03-200-071-0000

The parties of record before the Property Tax Appeal Board are Linda Siebert Rapoport, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$54,027
IMPR.:	$105,973
TOTAL:	$160,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a multi-family building of masonry exterior construction with 3,997 square feet of gross building area.[1] The building is approximately 134 years old. Features include a full basement finished with an apartment, five full bathrooms, and four fireplaces. The property has a 1,740 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity

[1] The parties both describe the subject as a 2-story building; however, the photographic evidence presented by both parties depict the subject as having a 3-story design, similar in appearance to the comparables submitted by both parties.

comparables located within the subject's assessment neighborhood. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 4,717 to 6,189 square feet of gross building area. The buildings are from 105 to 136 years old. Each comparable has a full or partial basement and from four to seven full bathrooms. Three comparables each have one or two half bathrooms. Two comparables each have central air conditioning and two or six fireplaces. The comparables have improvement assessments ranging from $55,306 to $86,245 or from $11.53 to $16.12 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $160,000. The subject property has an improvement assessment of $105,973 or $26.51 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 3,576 to 4,980 square feet of gross building area. The buildings are from 127 to 137 years old. Each comparable has a full basement, two or three full bathrooms, central air conditioning, and from one to three fireplaces. Three comparables each have one half bathroom and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from $123,851 to $142,976 or from $28.27 to $36.77 per square foot of gross building area. Based on the evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #4 which are substantially larger buildings than the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2, and #3 which are similar to the subject in location, classification, age, and dwelling size with varying degrees of similarity in other features which would require appropriate adjustments for these differences to make them more equivalent to the subject. The best comparables have improvement assessments ranging from $123,851 to $142,498 or from $28.27 to $36.77 per square foot of gross building area. The subject's improvement assessment of $105,973 or $26.51 per square foot of gross building area falls below the range established by the best comparables

in this record. Based on this record and after considering adjustments required to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
