FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Dongbin Wang
DOCKET NO.: 24-50265.001-R-1
PARCEL NO.: 17-33-319-044-0000

The parties of record before the Property Tax Appeal Board are Dongbin Wang, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$17,031
IMPR.:	$51,969
TOTAL:	$69,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 3,769 square feet of gross building area. The building is approximately 31 years old. Features include a full basement finished with an apartment, central air conditioning, and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story or 3-story, class 2-11 multi-family buildings of masonry or frame and masonry exterior construction ranging in size from 3,672 to 4,092 square feet of gross building

area. The buildings are from 99 to 120 years old. Four comparables each have a full basement and one comparable has a slab foundation. One comparable has central air conditioning. Three comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from $30,500 to $40,555 or from $8.03 to $10.52 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $69,000. The subject property has an improvement assessment of $51,969 or $13.79 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 3,633 to 3,652 square feet of gross building area. The buildings are from 26 to 32 years old. Each comparable has a full basement finished with an apartment and central air conditioning. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from $51,734 to $55,969 or from $14.24 to $15.33 per square foot of gross building area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are substantially older buildings than the subject while also presenting additional differences when compared to the subject in story-height, foundation type, central air conditioning, and/or garage amenity. The Board also gives less weight to board of review comparable #3 which lacks a garage amenity, which is a feature of the subject. The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #4 which are overall more similar to the subject in location, design/class, age, dwelling size, foundation type, and other features. The three best comparables have improvement assessments ranging from $51,734 to $52,969 or from $14.24 to $14.55 per square foot of gross building area. The subject's improvement assessment of $51,969 or $13.79 per square foot of gross building area falls within the range established by the best comparables in this record on an overall basis and below the range on a per square foot basis. Based on this record and after considering adjustments required to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
