FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: 3346 S. Wallace, LLC
DOCKET NO.: 24-50279.001-R-1
PARCEL NO.: 17-33-121-062-0000

The parties of record before the Property Tax Appeal Board are 3346 S. Wallace, LLC, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$19,184
IMPR.:	$66,816
TOTAL:	$86,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 6,300 square feet of gross building area. The building is approximately 137 years old. Features include a full basement and a 2-car garage. The property has a 3,520 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story or 3-story, class 2-11 multi-family buildings of frame, masonry, or frame and masonry exterior construction ranging in size from 3,800 to 7,308 square feet of gross building area. The

buildings range in age from 112 to 136 years old. Each comparable has a full basement. One comparable has central air conditioning. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from $30,500 to $53,562 or from $7.06 to $8.03 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $86,000. The subject property has an improvement assessment of $66,816 or $10.61 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four comparables that are located within the subject's assessment neighborhood. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 6,000 to 6,640 square feet of gross building area. The buildings are from 113 to 137 years old. Each comparable has a full basement. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from $66,300 to $88,374 or from $10.70 to $13.31 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives diminished weight to the appellant's comparables #2 through #5 which are less similar to the subject in dwelling size than other comparables in this record and/or have a similar 2-story design, in contrast to the subject's 3-story design. The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and the board of review comparables which are overall most similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features which would require appropriate adjustments for the differences, when compared to the subject, to make them more equivalent to the subject. The comparables have improvement assessments ranging from $46,750 to $88,374 or from $7.06 to $13.31 per square foot of gross building area. The subject's improvement assessment of $66,816 or $10.61 per square foot of gross building area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
