FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Hane Kim
DOCKET NO.: 24-50326.001-R-1
PARCEL NO.: 17-04-415-018-0000

The parties of record before the Property Tax Appeal Board are Hane Kim, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$38,750
IMPR.:	$110,250
TOTAL:	$149,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story dwelling of masonry exterior construction with 2,945 square feet of living area. The dwelling is approximately 23 years old. Features include a full basement with finished area, central air conditioning, one fireplace, and a 2-car garage. The property has a 2,500 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-78 dwellings of frame, masonry, or frame and masonry exterior construction with each having 2,070 square feet of living area. The homes are each 21 years old.

The comparables each have a full basement for which basement finish, if any, was not disclosed. Each comparable has central air conditioning and a 2-car garage. One comparable has one fireplace. The comparables have improvement assessments ranging from $49,431 to $52,431 or from $23.88 to $25.33 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $149,000. The subject property has an improvement assessment of $110,250 or $37.44 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 3-story, class 2-78 dwellings of masonry exterior construction ranging in size from 2,890 to 3,788 square feet of living area. The homes are from 19 to 26 years old. Each comparable has a full or partial basement with finished area, central air conditioning, from one to three fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from $135,475 to $152,172 or from $39.15 to $46.88 per square foot of living area. The board of review asserts the assessed values per square foot for the submitted comparables support the subject's assessed value as equitable.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which have a dissimilar 2-story design, in contrast to the subject's 3-story design and/or for which basement finish, if any, was not disclosed and is needed to determine the similarity of these comparables to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables which are each 3-story homes, like the subject, and overall more similar to the subject in location, classification, age, and features. However, three of these comparables are substantially larger homes than the subject suggesting downward adjustments for this difference is necessary to make them more equivalent to the subject. The best comparables have improvement assessments ranging from $135,475 to $152,172 or from $39.15 to $46.88 per square foot of living area. The Board gives most weight to board of review comparable #1 which is the only comparable in this record to be similar in age, dwelling size, and features. The subject's improvement assessment of $110,250 or $37.44 per square foot of living area falls below the range established by the best comparables in this record on an overall basis and below the comparable given most weight by the board. After considering appropriate adjustments to the best comparables for differences

from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
