FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Yili Wu
DOCKET NO.: 24-50887.001-R-1
PARCEL NO.: 14-32-212-026-0000

The parties of record before the Property Tax Appeal Board are Yili Wu, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$48,438
IMPR.:	$101,183
TOTAL:	$149,621

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 5,973 square feet of gross building area. The building is approximately 137 years old and features include a full basement. The property has a 3,125 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story or 3-story, class 2-11 multi-family buildings of masonry or frame and masonry exterior construction ranging in size from 5,378 to 6,363 square feet of gross building area. The buildings range in age from 102 to 136 years old. Each comparable has a full basement. Two

comparables each have central air conditioning. One comparable has two fireplaces. Three comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from $91,125 to $108,571 or from $16.45 to $17.18 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to $101,183.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $166,001. The subject property has an improvement assessment of $117,563 or $19.68 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry or frame and masonry exterior construction ranging in size from 1,611 to 2,204 square feet of gross building area. The buildings are either 137 or 140 years old. Each comparable has a full basement. Three comparables each have central air conditioning. One comparable has one fireplace. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from $76,032 to $107,151 or from $47.20 to $50.00 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives diminished weight to the appellant's comparable #4 and the board of review comparables due to substantial differences when compared to the subject in dwelling size and/or design. The Board finds the best evidence of assessment equity to be the four remaining appellant's comparables which are overall most similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features which would require appropriate adjustments for the differences when compared to the subject to make them more equivalent to the subject. The comparables have improvement assessments ranging from $91,125 to $98,288 or from $16.45 to $17.18 per square foot of gross building area. The subject's improvement assessment of $117,563 or $19.68 per square foot of gross building area falls above the range established by the best comparables in this record and appears to be excessive. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
