FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Sixth Gold Investment, LLC
DOCKET NO.: 24-50952.001-R-1
PARCEL NO.: 17-33-114-032-0000

The parties of record before the Property Tax Appeal Board are Sixth Gold Investment, LLC, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$17,031
IMPR.:	$53,772
TOTAL:	$70,803

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story dwelling of masonry exterior construction with 3,592 square feet of living area. The home is approximately 17 years old. Features include a full basement with finished area,[1] 3½ bathrooms, central air conditioning, and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristic printouts, on five equity comparables located within the subject's assessment

[1] The board of review disclosed the subject has a full basement finished with a recreation room, which was unrefuted by the appellant.

neighborhood. The comparables are improved with 2-story or 3-story, class 2-78 dwellings of masonry exterior construction ranging in size from 3,400 to 3,615 square feet of living area. The homes are from 18 to 47 years old. Each comparable has a full basement and 2½ or 3 bathrooms. Four comparables each have central air conditioning. Two comparables each have one fireplace. Three comparables each have a 2-car or a 3-car garage. The comparables have improvement assessments ranging from $49,969 to $61,617 or from $14.39 to $17.69 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to $53,772 or $14.97 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $89,000. The subject property has an improvement assessment of $71,969 or $20.04 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables are improved with 3-story, class 2-78 dwellings of masonry exterior construction with either 3,080 or 3,625 square feet of living area. The homes are either 21 or 22 years old. Each comparable has a slab foundation, central air conditioning, and a 2.5-car garage. The comparables have improvement assessments ranging from $67,059 to $78,035 or from $21.53 to $22.64 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #5, as well as the board of review comparables, due to differences when compared to the subject age, dwelling size, foundation type, and/or garage amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3, and #4 which are similar to the subject location, classification, age, dwelling size, foundation type, and other features. These comparables have improvement assessments ranging from $50,309 to $54,781 or from $14.80 to $15.67 per square foot of living area. The subject's improvement assessment of $71,969 or $20.04 per square foot of living area falls above the range established by the best comparables in this record and appears to be excessive. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
