

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Collin Smyser
DOCKET NO.: 24-50955.001-R-2
PARCEL NO.: 14-32-219-018-0000

The parties of record before the Property Tax Appeal Board are Collin Smyser, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,437
IMPR.: \$285,144
TOTAL: \$333,581

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 3-story dwelling¹ of masonry exterior construction with 4,284 square feet of living area. The dwelling is approximately 3 years old. Features include a full basement with finished area, central air conditioning, three fireplaces, and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristics printouts, on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story or 3-story, class 2-08 dwellings of

¹ Section III of the appeal petition and the board of review's grid analysis indicate the subject is a 3-story home.

frame or masonry exterior construction ranging in size from 3,822 to 4,994 square feet of living area. The homes are from 0 to 54 years old. Each home has a full basement, central air conditioning, and from a 1-car to a 3-car garage. Two comparables each have two or three fireplaces. The comparables have improvement assessments ranging from \$38,580 to \$60,303 or from \$10.04 to \$12.23 per square foot of living area. The appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted the board of review final decision disclosing the total assessment for the subject of \$333,581. The subject property has an improvement assessment of \$285,144 or \$66.56 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 3-story, class 2-08 dwellings of masonry exterior construction ranging in size from 4,000 to 4,552 square feet of living area. The homes are from 3 to 11 years old. Each home has a full basement with finished area, central air conditioning, three or four fireplaces, and from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from \$306,563 to \$370,564 or from \$70.44 to \$82.62 per square foot of living area. Based on the evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in design, dwelling size and/or age than the comparables presented by the board of review.

The Board finds the best evidence of assessment equity to be the board of review comparables which are overall most similar to the subject in location, design/class, age, dwelling size, and features. The best comparables have improvement assessments ranging from \$306,563 to \$370,564 or from \$70.44 to \$82.62 per square foot of living area. The subject's improvement assessment of \$285,144 or \$66.56 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
