

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Salvatore Balsamo
DOCKET NO.: 24-51027.001-R-1
PARCEL NO.: 17-03-200-046-0000

The parties of record before the Property Tax Appeal Board are Salvatore Balsamo, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$53,779
IMPR.: \$141,221
TOTAL: \$195,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story dwelling of masonry exterior construction with 2,880 square feet of living area. The dwelling is approximately 142 years old. Features of the home include a full basement, central air conditioning and 3 fireplaces. The property has an approximately 1,732 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located in the same assessment neighborhood as the subject property. The appellant reported "n/a" for the proximity to the subject property. The comparables are improved with 3-story class 2-10 dwellings of masonry exterior construction ranging in size from 2,705 to 2,952 square feet

of living area. The dwellings are from 113 to 142 years old. Two comparables have central air conditioning, and each comparable has from 1 to 3 fireplaces. The comparables have improvement assessments ranging from \$101,964 to \$119,858 or from \$37.00 to \$41.62 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$112,723 or \$39.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$195,000. The subject property has an improvement assessment of \$141,221 or \$49.04 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located in the same assessment neighborhood, block and street as the subject property. The board of review noted the furthest comparable is about ¼ of a mile from the subject. The comparables are improved with 3-story class 2-10 dwellings of masonry exterior construction ranging in size from 2,703 to 3,468 square feet of living area. The dwellings are from 134 to 147 years old. Each comparable has a full basement and central air conditioning. Three comparables each have 1 or 3 fireplaces, and three comparables have either a 1-car or a 1.5-car garage. The comparables have improvement assessments ranging from \$149,832 to \$209,190 or from \$51.18 to \$62.41 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration with varying degrees of similarity to the subject in location, age, dwelling size and other features. Nevertheless, the Board gives less weight to the appellant's comparables due to differences from the subject in location, age, and/or a lack of central air conditioning, which is a feature of the subject. The Board also gives less weight to the board of review's comparable #2 and #3 due to differences in their larger dwelling sizes when compared to the subject.

The Board gives the most weight to the board of review's comparables #1 and #4 which are located within the same assessment neighborhood, block and street as the subject and are also relatively similar to the subject in design, age and dwelling size. However, each of these two comparables have a garage, unlike the subject, suggesting downward adjustments are needed to the comparables in order to make them more equivalent to the subject. These two comparables have improvement assessments of \$149,832 and \$170,190 or \$55.43 and \$57.95 per square foot of living area. The subject's improvement assessment of \$141,221 or \$49.04 per square foot of living area falls below the two best comparables in this record. After considering adjustments to

the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
