FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Lou Storino
DOCKET NO.: 24-51382.001-R-1
PARCEL NO.: 14-32-124-031-0000

The parties of record before the Property Tax Appeal Board are Lou Storino, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$49,956
IMPR.:	$82,514
TOTAL:	$132,470

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,252 square feet of living area. The dwelling is approximately 36 years old. Features of the home include a basement with finished area, central air conditioning, 2 fireplaces, and a 2-car garage. The property has a 3,223 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within the same assessment neighborhood as the subject property. The comparables consist of class 2-78, 2-story or 3-story dwellings of masonry exterior construction ranging in size from 3,040 to 3,774 square feet of living area. The dwellings are 28 to 39 years old. Two

comparables each have a basement, and three comparables each have a concrete slab foundation. Each comparable has central air conditioning, 1 or 2 fireplaces, and a 2-car garage. The comparables have improvement assessments that range from $74,917 to $105,563 or from $24.64 to $29.28 per square foot of living area. The appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $132,471. The subject property has an improvement assessment of $82,514 or $36.64 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood, block and street as the subject. The comparables consist of class 2-78, 2-story dwellings of masonry exterior construction ranging in size from 2,180 to 2,252 square feet of living area. The dwellings are 35 or 37 years old. Each comparable has a basement with finished area, central air conditioning, 2 fireplaces, and a 2-car garage. The comparables have improvement assessments that range from $86,656 to $88,904 or from $38.59 to $40.78 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in dwelling size and/or foundation type than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the board of review's comparables which are overall most similar, if not identical, to the subject in location, design, age, dwelling size, foundation type and most features. These four comparables have improvement assessments that range from $86,656 to $88,904 or from $38.59 to $40.78 per square foot of living area. The subject's improvement assessment of $82,514 or $36.64 per square foot of living area falls below the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
