

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jan Chattler
DOCKET NO.: 24-51387.001-R-1
PARCEL NO.: 14-33-323-018-0000

The parties of record before the Property Tax Appeal Board are Jan Chattler, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,262
IMPR.: \$70,713
TOTAL: \$105,975

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of frame and masonry exterior construction with 2,081 square feet of gross building area and is approximately 147 years old. Features include a basement, 2 bathrooms and central air conditioning. The property has a 2,275 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood as the subject. The comparables consist of 1-story or 2-story, class 2-11 multi-family buildings of frame or frame and masonry exterior construction ranging in size from 1,914 to 2,142 square feet of gross building area. The

buildings are from 125 to 144 years old. Each comparable has a basement and 2 or 3 bathrooms. One comparable has central air conditioning and 2 fireplaces. The comparables have improvement assessments ranging from \$46,392 to \$62,960 or from \$23.74 to \$29.39 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The appellant provided a copy of the Cook County Board of Review final decision disclosing the total assessment for the subject of \$105,975. The subject property has an improvement assessment of \$70,713 or \$33.98 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within the subject's subarea or approximately ¼ of a mile from the subject. The comparables consist of 2-story or 3-story, class 2-11 multi-family buildings of masonry or frame and masonry exterior construction ranging in size from 1,932 to 3,147 square feet of gross building area. The buildings are 136 to 144 years old. Each comparable has a basement, from 2 to 4 bathrooms, central air conditioning, and either a 2-car or a 2.5-car garage. One comparable has 2 fireplaces. The comparables have improvement assessments ranging from \$80,100 to \$143,888 or from \$41.44 to \$47.55 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #3 and the board of review comparables #3 and #4 due to differences in their story height and/or building size when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are overall most similar to the subject in location, story height, age, and building size, but have varying degrees of similarity to the subject in other features. These six comparables have improvement assessments ranging from \$46,392 to \$91,872 or from \$23.74 to \$47.55 per square foot of gross building area. The subject's improvement assessment of \$70,713 or \$33.98 per square foot of gross building area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
