

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mumtaz Darbar  
DOCKET NO.: 24-51541.001-R-1  
PARCEL NO.: 14-33-324-028-0000

The parties of record before the Property Tax Appeal Board are Mumtaz Darbar, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$40,300  
**IMPR.:** \$234,700  
**TOTAL:** \$275,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 3-story dwelling of masonry exterior construction with 4,858 square feet of living area. The dwelling is approximately 21 years old. Features include a full basement with finished area, central air conditioning, 2 fireplaces, and a 2-car garage. The property has a 2,600 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood as the subject. The comparables consist of class 2-08, 2-story or 3-story dwellings of masonry exterior construction ranging in size from 4,552 to 4,854 square feet of living area. The dwellings are 17 to 49 years old. Each

comparable has a partial or a full basement, central air conditioning, 1 or 3 fireplaces, and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$201,950 to \$205,733 or from \$42.07 to \$44.37 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$208,213 or \$42.86 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$275,000. The subject property has an improvement assessment of \$234,700 or \$48.31 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within the subject's subarea or approximately  $\frac{1}{4}$  of a mile from the subject. The comparables consist of class 2-08, 3-story dwellings of masonry exterior construction ranging in size from 4,440 to 4,982 square feet of living area. The dwellings are 18 to 22 years old. The comparables have full basements with finished area, central air conditioning, from 2 to 6 fireplaces, and a 2-car garage. The comparables have improvement assessments of \$244,245 and \$253,128 or from \$49.03 to \$57.01 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine suggested equity comparables for the Board's consideration. The Board gives reduced weight to appellant's comparables #1, #2, #4 and #5 due to significant differences in their ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and the board of review comparables which overall are most similar to the subject in location, design, age, dwelling size, basement finish and some features. The best comparables have improvement assessments ranging from \$205,733 to \$253,128 or from \$42.86 to \$57.01 per square foot of living area. The subject's improvement assessment of \$234,700 or \$48.31 per square foot of living area falls within the range of the best comparables both in terms of overall improvement assessment and on a per-square-foot of living area basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
