FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Jeffrey Burgan
DOCKET NO.: 24-51922.001-R-1
PARCEL NO.: 17-21-211-044-0000

The parties of record before the Property Tax Appeal Board are Jeffrey Burgan, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$28,501
IMPR.:	$70,499
TOTAL:	$99,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2026 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story dwelling of masonry exterior construction with 2,621 square feet of living area. The dwelling is approximately 35 years old. The home features a slab foundation,[1] central air conditioning, a fireplace, and a 2-car garage. The property has a 1,638 square foot site and is located in Chicago, South Chicago, Cook County. The subject is classified as a class 2-95 townhome or row house property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables

[1] The parties' gird analyses differ regarding the subject's foundation type. The Board finds the subject dwelling has a slab foundation according to the property characteristics printout provided by the appellant and the board of review's grid analysis.

located within the same assessment neighborhood as the subject. The comparables consist of class 2-95, 3-story dwellings of masonry exterior construction ranging in size from 2,550 to 2,861 square feet of living area. The dwellings are 20 to 33 years old. The comparables have full basements, central air conditioning, a fireplace, and a 2-car garage. The comparables have improvement assessments that range from $52,736 to $59,532 or from $20.12 to $21.33 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $99,000. The subject property has an improvement assessment of $70,499 or $26.90 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood and block as the subject. The comparables consist of class 2-95, 2-story or 3-story dwellings of masonry exterior construction containing 2,812 or 2,914 square feet of living area. The dwellings are 33 or 35 years old. Comparable #1 has a slab foundation, and three comparables have full basements. Each comparable has central air conditioning, a fireplace, and a 2-car garage. The comparables have improvement assessments of $79,423 and $85,228 or $28.24 and $29.25 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration, only one of which lacks a basement, like the subject. Nevertheless, the Board gives less weight to the appellant's comparables #2 and #3 along with the board of review's comparables #2, #3 and #4 which are less similar to the subject in dwelling size or age than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #4 and #5 along with the board of review's comparable #1 which are overall most similar to the subject in location, design, age, and dwelling size, except three of these comparables have dissimilar foundation types. These four comparables have improvement assessments ranging from $52,736 to $79,423 or from $20.12 to $28.24 per square foot of living area. The subject's improvement assessment of $70,499 or $26.90 falls within the range of the most similar comparables in the record. However, the subject's improvement assessment falls below the board of review's comparable #1 which sets the upper limit of the improvement assessment

value range and is the only comparable in the record that lacks a basement foundation, like the subject. Based on this evidence, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
