

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Helen Travlos
DOCKET NO.: 24-52055.001-R-1
PARCEL NO.: 13-01-412-027-0000

The parties of record before the Property Tax Appeal Board are Helen Travlos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,764
IMPR.: \$45,236
TOTAL: \$59,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story multi-family building of masonry exterior construction with 3,579 square feet of gross building area. The building is 99 years old and features a full unfinished basement, 3 bathrooms and a 2-car garage. The property has a 3,720 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables located within the subject's assessment neighborhood and within 0.17 of a mile of the subject. The comparables consist of class 2-11, 2-story multi-family buildings of masonry exterior construction ranging in size from 3,141 to 4,116 square feet of gross building area. The buildings are from 55 to 99 years old. Each building has a full basement, five of which have an

apartment, and from a 1-car to a 3-car garage. The comparables have improvement assessments ranging from \$29,436 to \$45,236 or from \$9.37 to \$12.14 per square foot of gross building area. Based on this evidence, the appellant requested a reduced improvement assessment of \$38,904 or \$10.87 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,000. The subject property has an improvement assessment of \$45,236 or \$12.64 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within the subject's block or approximately $\frac{1}{4}$ of a mile of the subject. The comparables consist of class 2-11, 3-story buildings of masonry exterior construction containing either 3,393 or 3,396 square feet of gross building area. The buildings are from 97 to 102 years old. Each building has a full unfinished basement, 3 bathrooms, and either a 2-car or a 2.5-car garage. Each comparable has an improvement assessment of \$44,236 and for \$13.03 or \$13.04 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of thirteen equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives reduced weight to the appellant's comparables which are less similar to the subject in design, age, building size and/or bathroom count than the board of review's comparables.

The Board finds the best evidence of assessment equity to be the board of review's comparables which overall are most similar to the subject in design, age, building size, location and most features. These four comparables have improvement assessments of \$44,236 and for \$13.03 or \$13.04 per square foot of gross building area. The subject's improvement assessment of \$45,236 or \$12.64 per square foot of gross building area falls above the improvement assessments of the best comparables in the record, which is reasonable given the subject's larger building size. After considering the economies of scale and adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
