FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Nadine Abrahams
DOCKET NO.: 24-52116.001-R-1
PARCEL NO.: 17-04-219-122-0000

The parties of record before the Property Tax Appeal Board are Nadine Abrahams, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$20,367
IMPR.:	$68,633
TOTAL:	$89,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,570 square feet of living area. The dwelling is approximately 25 years old. The home features a basement, central air conditioning, a fireplace and a 1-car garage. The property has a 1,314 square foot site and is located in Chicago, North Chicago, Cook County. The subject is classified as a class 2-95 townhome or row house property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within the same assessment neighborhood as the subject. The comparables consist of class 2-95, 3-story dwellings of masonry exterior construction each containing 2,323 square feet of living area and are each 24 years old. The comparables have slab foundations, central air

conditioning, a fireplace and a 1-car garage. The comparables have improvement assessments that range from $48,488 to $49,309 or from $20.87 to $21.23 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $89,000. The subject property has an improvement assessment of $68,633 or $43.72 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood, block and street as the subject. The comparables consist of class 2-95, 2-story dwellings of masonry exterior construction each containing 1,570 square feet of living area. The dwellings are 24 to 26 years old. The comparables have basements, central air conditioning, a fireplace, and a 1-car garage. The comparables have improvement assessments of $68,633 and $68,648 or $43.72 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are each less similar to the subject in design, dwelling size and foundation type than the board of review's comparables.

The Board finds the best evidence of assessment equity to be the board of review's comparables which are located within the same assessment neighborhood, block and street as the subject and are identical or nearly identical to the subject in design, age, dwelling size, and other features. The board of review's comparables have improvement assessments of $68,633 and $68,648 or $43.72 per square foot of living area. The subject's improvement assessment of $68,633 or $43.72 matches three of the four best comparables in the record, which are nearly identical to the subject in property characteristics. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
