

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stavroula & Randy Pawlicki
DOCKET NO.: 24-52161.001-R-1
PARCEL NO.: 10-32-126-063-0000

The parties of record before the Property Tax Appeal Board are Stavroula & Randy Pawlicki, the appellants, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,120
IMPR.: \$42,880
TOTAL: \$59,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story¹ dwelling of masonry exterior construction with 2,050 square feet of living area. The dwelling is approximately 70 years old. Features of the home include an unfinished basement, central air conditioning and a 1.5-car garage. The property has an approximately 5,200 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The

¹ The Board finds the best description of the subject was found in the grid analysis submitted by the board of review which was not refuted by the appellant.

comparables are improved with 2-story class 2-05 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,652 to 2,106 square feet of living area. The homes range from 72 to 75 years old. Each comparable has a basement, with one having finished area. Each dwelling has one or two fireplaces, three comparables have central air conditioning and four homes have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$32,047 to \$40,096 or from \$18.45 to \$20.15 per square foot of living area. Based on this evidence, the appellants requested the subject's improvement assessment be reduced to \$39,237 or \$19.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,000. The subject property has an improvement assessment of \$42,880 or \$20.92 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-05 or class 2-06 dwellings of masonry exterior construction ranging in size from 1,898 to 2,232 square feet of living area. The homes are from 72 to 75 years old. Each comparable has an unfinished basement, central air conditioning and from a 1-car to a 2-car garage. One home has a fireplace. The comparables have improvement assessments ranging from \$41,075 to \$49,376 or from \$20.97 to \$22.12 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives reduced weight to the appellants' comparables #2 and #4 which are less similar to the subject in dwelling size or finished basement amenity than other properties in the record.

The Board finds the best evidence of assessment equity to be appellants' comparables #1, #3 and #5 along with the board of review's comparables which are more similar to the subject in location, age, design, dwelling size and features. These comparables have improvement assessments ranging from \$38,863 to \$49,376 or from \$18.45 to \$22.12 per square foot of living area. The subject's improvement assessment of \$42,880 or \$20.92 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
