

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Olga Sparks
DOCKET NO.: 24-52202.001-R-1
PARCEL NO.: 13-04-202-033-0000

The parties of record before the Property Tax Appeal Board are Olga Sparks, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,414
IMPR.: \$36,488
TOTAL: \$54,902

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,552 square feet of living area. The dwelling is approximately 85 years old. Features of the home include a basement with finished area, 1½ bathrooms and a 1-car garage. The property has a 5,940 square foot site and is located in Chicago, Jefferson Township, Cook County and is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on seven comparables located within the subject's assessment neighborhood and within 0.90 of a mile from the subject. The comparables are improved with class 2-05, 2-story dwellings of masonry or frame and masonry exterior construction ranging in size from 1,369 to 2,105 square feet of

living area. The dwellings are from 73 to 84 years old. Each comparable has an unfinished basement, either 1½, 2 or 2½ bathrooms, and a 1-car or a 2-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$25,438 to \$43,586 or from \$16.44 to \$20.71 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$54,902. The subject property has an improvement assessment of \$36,488 or \$23.51 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three comparables located within the subject's assessment neighborhood and within approximately ¼ of a mile from the subject. The comparables are improved with class 2-05, 2-story dwellings of masonry exterior construction ranging in size from 1,525 to 1,850 square feet of living area. The dwellings are each 76 years old. Each comparable has a basement, with two of which have finished area, either 1 ½ or 2 bathrooms, and 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$36,266 to \$46,438 or from \$25.10 to \$27.63 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparable #3 due to differences from the subject in dwelling size and lack a basement finish or central air conditioning, which are features of the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables which overall are most similar to the subject in location, design, age, dwelling size, bathroom count and most features. These two comparables have improvement assessments of \$36,266 and \$42,438 or \$23.78 and \$27.63 per square foot of living area. The subject's improvement assessment of \$36,488 or \$23.51 per square foot of living area is bracketed by the two best comparables in the record on an overall basis and below them on a per square foot of living area basis. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
