

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nicholas Xanos
DOCKET NO.: 24-52921.001-R-1
PARCEL NO.: 09-36-426-017-0000

The parties of record before the Property Tax Appeal Board are Nicholas Xanos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,900
IMPR.: \$29,663
TOTAL: \$39,563

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,467 square feet of living area. The dwelling is approximately 73 years¹ old and features a basement and one fireplace. The property has an approximately 3,960 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on seven equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story class 2-03 dwellings of masonry exterior construction

¹ The Board finds the best description of the subject was found in the Cook County Assessor's Office Property Search Details printout submitted by the appellant.

ranging in size from 1,044 to 1,630 square feet of living area. The homes range from 68 to 101 years old. Each comparable has a basement and one or two fireplaces. Six dwellings have a 1-car or a 2-car garage and two homes have central air conditioning. The comparables have improvement assessments ranging from \$18,375 to \$29,375 or from \$15.06 to \$19.56 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$25,614 or \$17.46 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,563. The subject property has an improvement assessment of \$29,663 or \$20.22 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1.5-story class 2-03 or class 2-04 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,404 to 2,444 square feet of living area. The homes are from 71 to 84 years old. Each comparable has a basement and a 1.5-car or a 2-car garage. Two dwellings have central air conditioning and two homes each have one fireplace. The comparables have improvement assessments ranging from \$30,500 to \$43,430 or from \$17.77 to \$23.79 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven equity comparables for the Board's consideration. The Board gives reduced weight to the appellant's comparables and board of review comparable #4 which are less similar to the subject in age, design, classification and/or dwelling size than other properties in the record.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #3 which are more similar to the subject in location, age, design, dwelling size and some features. These comparables have improvement assessments ranging from \$30,500 to \$33,400 or from \$20.44 to \$23.79 per square foot of living area. The subject's improvement assessment of \$29,663 or \$20.22 per square foot of living area falls below the range established by the best comparables in the record. Therefore, after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
