

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Barbara Girardi
DOCKET NO.: 24-53044.001-R-1
PARCEL NO.: 12-14-110-041-0000

The parties of record before the Property Tax Appeal Board are Barbara Girardi, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,620
IMPR.: \$24,792
TOTAL: \$43,412

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,461 square feet of living area and is approximately 65 years old. Features include a full basement, central air conditioning, and a 2-car garage. The property has a 7,448 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood and from 0.04 of a mile to 1.50 miles from the subject property. The comparables are improved with class 2-03 dwellings of masonry exterior construction ranging in size from 1,257 to 1,659 square feet of living area. The comparables range in age from 63 to 66 years old. Each comparable has a full basement and

a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$17,004 to \$23,657 or from \$12.53 to \$14.26 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$18,306.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,412. The subject property has an improvement assessment of \$24,792 or \$16.97 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood, three of which are located ¼ of a mile from the subject property. The board of review did not disclose the proximity of comparable #1 to the subject. The comparables are improved with 1-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,096 to 1,344 square feet of living area. The comparables range in age from 39 to 64 years old. Each comparable has a full basement and from a 1.5-car to a 2.5-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$26,000 to \$32,495 or from \$22.98 to \$25.57 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration which have the same assessment neighborhood code as the subject property. The Board gives less weight to the appellant's comparable #4, as well as board of review comparables #1, #2, and #3, which are less similar to the subject in dwelling size, age, and/or location than other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, #3, and #5, as well as board of review comparable #4, which are relatively similar to the subject location, classification, age, and dwelling size, and other features. However, the board finds upward adjustments to these comparables are necessary for differences in central air conditioning and/or garage amenity. The comparables have improvement assessments ranging from \$17,004 to \$29,625 or from \$12.53 to \$22.98 per square foot of living area. The subject's improvement assessment of \$24,792 or \$16.97 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
