FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Jaroslaw Pijanowski
DOCKET NO.: 24-53046.001-R-1
PARCEL NO.: 12-23-200-015-0000

The parties of record before the Property Tax Appeal Board are Jaroslaw Pijanowski, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$8,625
IMPR.:	$26,780
TOTAL:	$35,405

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story, single-family dwelling of frame and masonry construction. The dwelling is 73 years old, it has 1,770 square feet of living area, and it is located on a 3,450 square foot site in Chicago, Jefferson Township, Cook County. Its features include a full, finished basement, a two-car garage, central air conditioning, one full bathroom, and a half bath.[1] The subject is a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

[1] The board of review's grid sheet states that the subject dwelling has central air conditioning. The appellant's grid sheet states that it doesn't have central air conditioning, but Section III of appellant's residential appeal petition states that it does. This Board finds that the subject dwelling had central air conditioning at the relevant time.

The appellant asserts assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information about five suggested equity comparables. Based on this evidence, the appellant seeks to have the subject's assessed value reduced to $33,033.

The board of review submitted its "Board of Review Notes on Appeal" which disclosed the total assessment for the subject as $35,405. The subject property has an improvement assessment of $26,780 or $15.13 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information about four suggested equity comparables.

Conclusion of Law

The taxpayer asserts assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the best evidence of assessment equity is the board of review's suggested comparables one and two, and the appellant's suggested comparable two. Like the subject property, each of these comparables has a two-story, single-family dwelling of frame and masonry construction with a full basement and a two-car garage. The dwellings on these comparables are similar to the subject dwelling in living area and age. They are all within a quarter mile of the subject.

These comparables have improvement assessments that range from $14.03 to $19.28 per square foot of living area. The subject's improvement assessment of $15.13 per square foot of living area is within the range established by the best comparables in this record and below the improvement assessments per square foot of living area of two of them. The Board therefore finds that the appellant did not demonstrate with clear and convincing evidence that the subject was inequitably assessed, and a reduction in the subject's assessment on this basis is not warranted.

.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
