

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anita Kisiel
DOCKET NO.: 24-53047.001-R-1
PARCEL NO.: 12-23-224-038-0000

The parties of record before the Property Tax Appeal Board are Anita Kisiel, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,105
IMPR.: \$27,895
TOTAL: \$39,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,856 square feet of living area. The dwelling is approximately 76 years old. Features of the home include a full basement, central air conditioning, and a 2-car garage. The property has a 4,442 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood code and from 0.27 of a mile to 1.42 miles from the subject property. The comparables are improved with class 2-05 homes of masonry exterior construction ranging in size from 1,578 to 1,992 square feet of living area. The dwellings range in age from 69 to 90 years old. Four homes each have a full basement, and one

home has a crawl space foundation. Two comparables each have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$21,600 to \$28,550 or from \$13.48 to \$14.33 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement to \$25,018.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,000. The subject property has an improvement assessment of \$27,895 or \$15.03 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and on the same block or ¼ of a mile from the subject property, two of which are also along the same street. The comparables are improved with 2-story, class 2-05 homes of masonry or frame and masonry exterior construction ranging in size from 1,452 to 1,982 square feet of living area. The dwellings range in age from 68 to 77 years old. Three homes each have a full or partial basement, and one home has a slab foundation. One home has central air conditioning. One comparable has one fireplace. Each comparable has a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$25,300 to \$33,375 or from \$15.55 to \$17.62 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #4 which are located over 1 mile from the subject property, less proximate than the other comparables in this record. The Board also gives less weight to the appellant's comparables #2, #3, and #5, as well as board of review comparable #3, due to substantial differences from the subject in age, dwelling size, foundation type, and/or garage amenity.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #2, and #4, which are more similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments ranging from \$26,700 to \$33,375 or from \$15.55 to \$17.62 per square foot of living area, respectively. The subject's improvement assessment of \$27,895 or \$15.03 per square foot of living area falls within the range of the best comparables in this record on an overall improvement assessment basis and below the range on a per square foot basis. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
