

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Louis Romano
DOCKET NO.: 24-53051.001-R-1
PARCEL NO.: 12-24-222-001-0000

The parties of record before the Property Tax Appeal Board are Louis Romano, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,020
IMPR.: \$16,980
TOTAL: \$29,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1½-story dwelling of frame and masonry exterior construction with 904 square feet of living area. The dwelling is approximately 77 years old. Features of the home include a full basement, 1½ bathrooms, central air conditioning, and a 2½-car garage.¹ The property has a 4,808 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within the subject's assessment neighborhood and from 0.40 of a mile to 1.08 miles

¹ The Board finds the subject has central air conditioning according to Section III of the appellant's residential appeal petition and the board of review's grid analysis, which was unrefuted by the appellant.

from the subject property. The comparables are improved with class 2-02 dwellings of frame and masonry exterior construction ranging in size from 896 to 989 square feet of living area. The dwellings range in age from 70 to 76 years old. Each comparable has a full basement and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$10,050 to \$12,283 or from \$11.22 to \$12.81 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$10,142.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,000. The subject property has an improvement assessment of \$16,980 or \$18.78 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood, as well as ¼ of a mile from the subject or within the same subarea as the subject property. The comparables are improved with 1-story or 1½-story, class 2-02 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 853 to 979 square feet of living area. The dwellings range in size from 72 to 84 years old. Each comparable has a full basement and a 2-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$20,283 to \$25,500 or from \$22.29 to \$27.66 per square foot of living area. Based on this evidence, the board of review asserts its comparables support the subject's assessed value.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board finds the parties' comparables to be similar to the subject in location, classification, age, and dwelling size with varying degrees of similarity in other features which would require appropriate adjustments for these differences to make them more equivalent to the subject. The parties' comparables have improvement assessments ranging from \$10,050 to \$25,500 or from \$11.22 to \$27.66 per square foot of living area. The subject's improvement assessment of \$16,980 or \$18.78 per square foot of living area falls within the range established by the comparables in this record. After considering all the appropriate adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
