FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Leszek Bratko
DOCKET NO.: 24-53056.001-R-1
PARCEL NO.: 12-24-421-005-0000

The parties of record before the Property Tax Appeal Board are Leszek Bratko, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$10,890
IMPR.:	$29,110
TOTAL:	$40,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1.5-story dwelling of frame and masonry exterior construction with 2,176 square feet of living area. The dwelling is approximately 84 years old. Features of the home include a full basement with finished area and a 2-car garage. The property has a 4,356 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and from 0.18 of a mile to 1.07 miles from the subject property. The comparables are improved with class 2-04 dwellings of frame and masonry exterior construction ranging in size from 1,834 to 2,126 square feet of living area. The

dwellings are from 71 to 83 years old. Each comparable has a full or partial basement and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from $23,625 to $26,625 or from $12.12 to $12.88 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to $26,373.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $40,000. The subject property has an improvement assessment of $29,110 or $13.38 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood, two of which are located in the same subarea or ¼ of a mile from the subject. The board of review did not disclose the proximities from the subject for comparables #2 and #4. The comparables are improved with class 2-04 dwellings of frame, masonry, or frame and masonry exterior construction ranging from 2,236 to 2,786 square feet of living area. The dwellings are from 9 to 85 years old. Each comparable has a full or partial basement with finished area and a 2-car garage. Three comparables each have central air conditioning and two comparables each have a fireplace. The comparables have improvement assessments that range from $32,800 to $42,700 or from $14.04 to $17.24 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #4, and #5, as well as board of review comparables #1, #2, and #4 due to differences in their dwelling sizes and/or age when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3, as well as board of review comparable #3, which are overall most similar to the subject in neighborhood code, classification, age, dwelling size, and features. These comparables have improvement assessments ranging from $25,598 to $32,800 or from $12.12 to $14.32 per square foot of living area. The subject's improvement assessment of $29,110 or $13.38 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
