

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yaakov Kaganoff  
DOCKET NO.: 24-53059.001-R-1  
PARCEL NO.: 13-02-124-047-0000

The parties of record before the Property Tax Appeal Board are Yaakov Kaganoff, the appellant(s), by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$17,856  
**IMPR.:** \$25,554  
**TOTAL:** \$43,410

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of masonry construction with 1,715 square feet of living area. The property is approximately seventy-one years old and has a full basement and a two-car garage. The property has a 5,760 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with varying degrees of similarity to the subject property. The suggested comparable properties range in size from 1,448 to 1,755 square feet of living area and range in age from 67 to 71 years old. The appellant's comparables each had masonry construction. The appellant reported that the suggested comparables were located between .23 and .92 miles from the subject property. The comparables

have improvement assessments ranging from \$14.45 to \$14.90 per square foot of living area. The appellant reported that the subject property has an improvement assessment of \$25,879 or \$15.09 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$42,637.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject as \$43,412 and an improvement assessment of \$24,792 or \$16.97 per square foot of living area.<sup>1</sup> In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with varying degrees of similarity to the subject property. The suggested comparable properties ranged in size from 1,462 to 1,636 square feet of living area and ranged in age from 48 to 53 years old. Each suggested comparable had a masonry construction and a full basement. The board of review reported that each of the suggested comparables was located within a quarter mile of the subject property and were within neighborhood code 390.<sup>2</sup> The comparables have improvement assessments ranging from \$21.16 to \$22.03 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the best evidence of assessment equity is the appellant's comparables #1, #4 and #5. Like the subject property, each of these comparables has a class 2-03, single-family dwelling of masonry construction with a full or partial basement. The dwellings on these comparables are similar to the subject dwelling in age and living area size. These comparables are all in the same neighborhood code as the subject and are within .39 miles of the subject property. The Board finds that the board of review submitted information on the wrong P.I.N. for the subject property and that the best evidence is contained in the information provided by the appellant. The best comparables have improvement assessments that range from \$14.45 to \$14.90 per square foot of living area. The subject's improvement assessment of \$15.09 per square foot of living area is above the range established by the best comparables in this record. The Board therefore finds that the appellant did demonstrate with clear and convincing evidence that the subject was inequitably assessed, and a reduction in the subject's assessment on this basis is warranted.

---

<sup>1</sup> The Board notes that the board of review submitted information on 4532 N. Forestview Ave, Chicago or P.I.N. 12-14-110-041-0000 instead of the subject property located at 6149 N. Monticello, Chicago or 13-02-124-047-0000. The appellant submitted a copy of the board of review decision letter for the subject property indicating a total assessed value of 43,735 for the subject property.

<sup>2</sup> The Board notes that the subject property is located within neighborhood code 30 and the correct distances of the board of review's comparables to the subject property are unknown.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
