

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carmen Navarro
DOCKET NO.: 24-53060.001-R-1
PARCEL NO.: 13-03-221-004-0000

The parties of record before the Property Tax Appeal Board are Carmen Navarro, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,685
IMPR.: \$31,315
TOTAL: \$44,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,323 square feet of living area and is approximately 83 years old. Features include a full basement with finished area, central air conditioning, a fireplace, and a 2-car garage.¹ The property has a 4,092 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity

¹ The Board finds the subject has central air conditioning according to Section III of the of the appellant's appeal petition and the board of review's grid analysis, and the subject has a full basement with finished area as reported by the board of review, which was unrefuted by the appellant.

comparables are located within the subject's assessment neighborhood and are located from 0.59 of a mile to 1.08 miles from the subject. The comparables are improved with class 2-05 dwellings of masonry exterior construction ranging in size from 1,254 to 1,556 square feet of living area. The homes range are 72 to 80 years old. Four comparables each have a full basement with "N/A" disclosed for the finished area. One comparable has a crawl space foundation. One comparable has 2 fireplaces, and each comparable has either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$19,429 to \$27,916 or from \$15.49 to \$18.24 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,000. The subject property has an improvement assessment of \$31,315 or \$23.67 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables are located within the subject's assessment neighborhood and within approximately $\frac{1}{4}$ of a mile from the subject property. The comparables are improved with 2-story, class 2-05 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,159 to 1,706 square feet of living area. The homes are from 72 to 85 years old. Each comparable has a full basement with finished area and a 2-car or 2.5-car garage. Two comparables each have central air conditioning. Three comparables have 1 or 2 fireplaces. The comparables have improvement assessments ranging from \$28,315 to \$43,315 or from \$24.43 to \$28.02 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 through #5 and the board of review's comparables #2 and #4 due to differences in their location, dwelling size, and/or foundation type when compared to the subject. Additionally, the Board gives reduced weight to the appellant's comparable #1 which appears to be an outlier with its lower improvement assessment in contrast to the other comparables in the record.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #3 which are overall more similar to the subject in location, design, age, dwelling size, and some features. These comparables have improvement assessments of \$37,315 and \$39,315 or \$25.33 and \$28.02 per square foot of living area. The subject's improvement assessment of

\$31,315 or \$23.67 per square foot of living area falls below the two best comparables in this record. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
