

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tadeusz Golaszewski
DOCKET NO.: 24-53068.001-R-1
PARCEL NO.: 13-07-311-060-0000

The parties of record before the Property Tax Appeal Board are Tadeusz Golaszewski, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,500
IMPR.: \$20,500
TOTAL: \$32,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,075 square feet of living area. The dwelling is approximately 72 years old. Features of the home include a concrete slab foundation, central air conditioning, and a 1-car garage. The property has a 4,600 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the subject's assessment neighborhood and from .26 of a mile to 1.32 miles from the subject. The comparables consist of class 2-03 dwellings of frame exterior construction ranging in size from 1,134 to 1,253 square feet of living area. The homes range in

age from 66 to 101 years old. Two dwellings each have a full basement, three comparables have concrete slab foundations, and three comparables each have a 1-car or 1.5-car garage. The comparables have improvement assessments ranging from \$17,700 to \$20,000 or from \$14.70 to \$15.96 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$15,802 or \$14.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,000. The subject property has an improvement assessment of \$20,500 or \$19.07 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables consist of 1-story or 1.5-story class 2-03 dwellings of frame or masonry exterior construction ranging from 1,081 to 1,320 square feet of living area. The homes range from 72 to 77 years old. Each dwelling has a full basement and central air conditioning. Two comparables each have a 1.5-car or 2-car garage. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$39,853 to \$41,897 or from \$23.14 to \$25.41 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the comparables submitted by the appellant, which differ from the subject in age, location, and/or lack a garage or central air conditioning, features of the subject. Likewise, the Board gives less weight to the board of review's comparables #2 and #4, which lack a garage. The Board finds the board of review's comparables #1 and #3 are similar to the subject in age, location, dwelling size, and some features. These comparables have improvement assessments of \$30,500 and \$40,700 or \$27.83 and \$30.83 per square foot of living area. The subject's improvement assessment of \$20,500 or \$19.07 per square foot of living area is below the two best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
