

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Santiago Landa  
DOCKET NO.: 24-53506.001-R-1  
PARCEL NO.: 13-10-304-007-0000

The parties of record before the Property Tax Appeal Board are Santiago Landa, the appellant, by attorney Andrew S. Dziuk of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$13,072  
**IMPR.:** \$27,169  
**TOTAL:** \$40,241

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,501 square feet of living area. The dwelling is approximately 99 years old. The property features a full basement with finished area, central air conditioning and a two-car garage.<sup>1</sup> The property has a 3,735 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located

<sup>1</sup> The board of review disclosed the subject has a finished basement and central air conditioning, which were not reported by nor were they refuted by the appellant.

within .90 of a mile from the subject property. The comparables are class 2-03 properties improved with dwellings of masonry exterior construction ranging in size from 1,224 to 1,674 square feet of living area. The dwellings are from 99 to 107 years old. The comparables each have a full basement and either a one-car or a two-car garage. The comparables have improvement assessments that range from \$19,437 to \$26,165 or from \$14.66 to \$15.88 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$22,004 or \$14.66 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,241. The subject property has an improvement assessment of \$27,169 or \$18.10 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block or approximately  $\frac{1}{4}$  of a mile from the subject property. The comparables are class 2-03 properties improved with 1.5-story dwellings of masonry exterior construction ranging in size from 1,470 to 1,590 square feet of living area. The dwellings are from 96 or 106 years old. The comparables each have a full basement, two with finished area. Three comparables have central air conditioning and each comparable has either a one-car or a two-car garage. The comparables have improvement assessments that range from \$27,292 to \$32,035 or from \$17.47 to \$20.79 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables, as well as board of review comparables #3 and #4, which were not reported to have basement finish, a feature of the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2, which are similar to the subject in location, dwelling size, design, age and many features. The comparables have improvement assessments of \$27,700 and \$32,035 or \$18.73 and \$20.79 per square foot of living area, respectively. The subject's improvement assessment of \$27,169 or \$18.10 per square foot of living area falls below the two best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
