

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Arkadiusz Sidorski
DOCKET NO.: 24-53573.001-R-1
PARCEL NO.: 13-21-226-001-0000

The parties of record before the Property Tax Appeal Board are Arkadiusz Sidorski, the appellant, by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,835
IMPR.: \$16,696
TOTAL: \$33,531

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately 108-year-old, single-family dwelling of frame construction with 1,037 square feet of living area. Features of the home include a full basement and a two-car garage. The property has a 4,810 square foot site and is in Chicago, Jefferson Township, Cook County. The subject is classified as a Class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with varying degrees of similarity to the subject property. The suggested comparable properties ranged in size from 1,188 to 1,235 square feet of living area and ranged in age from 70 to 114 years old. The appellant reported that the suggested comparables each had the same neighborhood code as the subject property and were located within a range of 1.34 to 1.96 miles from the subject property. Two of the appellant's comparables had a full basement, and three had a slab foundation and all the properties had a garage of varying size. The comparables have improvement assessments ranging

from \$9.68 to \$10.08 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's total assessment to \$26,873.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject as \$33,531. The subject property has an improvement assessment of \$16,696 or \$16.10 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with varying degrees of similarity to the subject property. The suggested comparable properties ranged in size from 1,020 to 1,065 square feet of living area and ranged in age from 104 to 107 years old. The board of review reported that the suggested comparables each had the same neighborhood code as the subject property and that all the suggested comparables were located within a quarter of a mile of the subject property. All the suggested comparables had a garage of varying size and three had a full basement and one had a slab foundation. The comparables have improvement assessments ranging from \$16.88 to \$18.30 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2 and the board of review's comparables #1 and #3. These comparables had improvement assessments from \$9.68 to \$18.30 per square foot of building area. The remaining comparables were given less weight due to differences in construction or foundation. In comparison the subject's improvement assessment of \$16.10 per square foot of building area is within the range of the best comparables in this record. Based on this record and after adjustments to the comparables for differences with the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvements is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
