Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of two parcels improved with a two-story, single-family dwelling of masonry construction with 3,680 square feet of living area. The property is approximately eighteen years old and has a full basement, central air conditioning and a two-car garage. The property has a 3,776 square foot site and is in Morton Gove, Niles Township, Cook County. The subject is classified as class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with varying degrees of similarity to the subject property. The suggested comparable properties range in size from 3,221 to 3,749 square feet of living area and range in age from 15 to 21 years old. The appellant's comparables had full basements and two-car garages. The appellant reported that the suggested

comparables were in the same neighborhood code as the subject property but failed to provide their proximity to the subject property. The Appellant submitted a board of review decision letter showing a total assessment of $73,618 for both parcels. The appellant disclosed that the subject property has an improvement assessment of $64,874 or $17.63 per square foot of living area. The comparables have improvement assessments ranging from $13.51 to $16.42 per square foot of living area. The appellant reported that the subject property was not owner-occupied during the lien year. Based on this evidence, the appellant requested a reduction in the subject's total assessment to $66,005.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for one parcel as $37,346 and failed to provide the total assessment for the second parcel. In support of its contention of the correct assessment, the board of review submitted no evidence.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the best evidence of assessment equity is the appellant's suggested comparables #1 through #4. Like the subject property, each of these comparables has a two-story, single-family dwelling with a full basement, central air conditioning and a two-car garage. The dwellings on these comparables are similar to the subject dwelling in age and living area size. These comparables are all in the same neighborhood as the subject. The best comparables have improvement assessments that range from $13.51 to $16.42 per square foot of living area. The subject's improvement assessment of $17.63 per square foot of living area is above the range established by the best comparables in this record. The Board therefore finds that the appellant did demonstrate with clear and convincing evidence that the subject was inequitably assessed, and a reduction in the subject's assessment on this basis is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
