

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ivo Peric  
DOCKET NO.: 24-54812.001-R-1  
PARCEL NO.: 10-33-209-050-0000

The parties of record before the Property Tax Appeal Board are Ivo Peric, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,333  
**IMPR.:** \$44,667  
**TOTAL:** \$53,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,422 square feet of living area. The dwelling is approximately 67 years old. Features of the home include a full basement with finished area<sup>1</sup> and central air conditioning. The property has a 5,952 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same assessment neighborhood as the subject and “N/A” reported for the

proximity to the subject property. The comparables consist of class 2-06, 2-story dwellings of masonry, stucco or frame and masonry exterior construction ranging in size from 3,600 to 3,900 square feet of living area. The dwellings are 65 to 84 years old. Three comparables have partial or full basements with "unknown" reported for the finished basement area. One comparable has a concrete slab foundation. Each comparable has central air conditioning and a fireplace, and three comparables have either a 2-car or a 2½-car garage. The comparables have improvement assessments ranging from \$39,090 to \$43,729 or from \$10.13 to \$11.99 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$38,190.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$53,000. The subject property has an improvement assessment of \$44,667 or \$13.05 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same assessment neighborhood as the subject and within the subject's same block or approximately ¼ of a mile from the subject. The comparables consist of class 2-06, 2-story dwellings of masonry exterior construction ranging in size from 2,638 to 3,532 square feet of living area. The comparables are 73 to 86 years old. The comparables have full basements with one having finished area. Three comparables each have central air conditioning, and each comparable has 1 or 2 fireplaces and either a 2-car, a 2½-car or a 3-car garage. The comparables have improvement assessments ranging from \$37,898 to \$46,908 or from \$13.28 to \$14.37 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #4 along with the board of review comparables #3 and #4 which differ significantly from the subject in dwelling size and/or foundation type.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are overall more similar to the subject in location, dwelling size, and foundation type. However, these comparables still require adjustments for varying differences to the subject including but not limited to lack of a basement finish, presence of a garage amenity and/or the 12 to 19 older aged dwellings of three comparables. These four comparables have improvement assessments ranging from \$39,090 to \$46,908 or from \$10.58 to \$13.69 per square foot of living area. The subject's improvement assessment of \$44,667 or \$13.05 per square foot of living area

falls within the range established by the best comparables in the record. After considering adjustments to the most similar comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
