FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Thomas Ward
DOCKET NO.: 24-54815.001-R-1
PARCEL NO.: 14-33-314-008-0000

The parties of record before the Property Tax Appeal Board are Thomas Ward, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$31,248
IMPR.:	$144,676
TOTAL:	$175,924

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story mixed-use building of masonry exterior construction with 5,020 square feet of building area. The building is approximately 20 years old. Features of the building include a concrete slab foundation, central air conditioning and a 2-car garage. The property has a 2,016 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood as the subject. The comparables consist of 3-story, class 2-12 mixed-use buildings of masonry exterior construction ranging in size from 4,548 to 5,520 square feet of building area. The buildings are 24 to 102 years old.

Each comparable has a partial or full basement, four comparables each have central air conditioning, and one comparable has a 2-car garage. The comparables have improvement assessments ranging from $95,570 to $119,349 or from $19.00 to $22.09 per square foot of building area. Based on this evidence the appellant requested the subject's improvement assessment be reduced to $107,478 or $21.41 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $175,924. The subject property has an improvement assessment of $144,676 or $28.82 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood as the subject. The comparables consist of 2-story or 3-story, class 2-12 mixed-use buildings of masonry exterior construction ranging in size from 4,591 to 5,960 square feet of building area. The buildings are 7 to 132 years old. One comparable has a full basement, and three comparables have a crawl space or a slab foundation. Each comparable has central air conditioning, and one comparable has a 3-car garage. The comparables have improvement assessments ranging from $134,250 to $211,250 or from $29.24 to $37.56 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparable #1 due to differences in their significantly older ages and dissimilar foundation types when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2, #3 and #4 which overall are more similar to the subject in location, design, age, building size, lack a basement foundation and some features. These three comparables have improvement assessments ranging from $134,250 to $211,250 or from $29.24 to $37.56 per square foot of building area. The subject's improvement assessment of $144,676 or $28.82 per square foot of building area falls within the range established by the best comparables in the record on an overall basis and below the range on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
