**FINAL ADMINISTRATIVE DECISION**
**ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dorothy Johnson
DOCKET NO.: 24-55626.001-R-1
PARCEL NO.: 17-04-440-001-0000

The parties of record before the Property Tax Appeal Board are Dorothy Johnson, the appellant(s), by attorney Kelly J. Keeling, of KBC Law Group in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

| | |
|---|---|
| **LAND:** | $21,735 |
| **IMPR.:** | $66,045 |
| **TOTAL:** | $87,780 |

Subject only to the State multiplier as applicable.

## Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

## Findings of Fact

The subject property consists of a 700 square foot parcel of land improved with a 137-year-old, three-story, masonry, single-family dwelling, containing 1,785 square feet of living area. The property is located in Chicago, North Chicago Township, Cook County and is a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of its assessment inequity argument, appellant submitted information on four suggested equity comparables. They were each improved with a three-story, single-family dwelling of masonry construction. They ranged from 2,705 to 2,892 square feet of living area and ranged in improvement assessment between $37.00 and $41.62 per square foot of living area. The appellant also included a copy of the board of review's written decision letter reflecting a total

final assessed valuation for the subject property of $115,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to $87,780.

The board of review submitted its "Board of Review Notes on Appeal" depicting a total assessed valuation for the subject property of $115,000, with an improvement assessment of $93,265, or $52.25 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted four comparable properties. Each of the comparable properties were improved with a three-story, single-family dwelling of masonry construction. They ranged: in size between 2,484 and 3,665 square feet of living area; and in improvement assessment between $52.44 and $67.46 per square foot of living area.

## Conclusion of Law

Appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did meet* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of assessment equity to be *the appellant's comparables #1, #2, #3, and #4.* The best comparables had improvement assessments that ranged from $37.00 to $41.62 per square foot of living area. The subject's improvement assessment of $52.25 per square foot of living area falls *above* the range established by the best comparables in this record. After considering all the comparable properties submitted by the parties with emphasis on those properties that are more proximate in location, more similar in size, and with similar features relative to the subject and after further considering adjustments to the best comparable properties or differences from the subject, the Board finds the subject's improvement assessment *is not* supported. The Board finds that the appellant *did* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and, therefore, a reduction in the subject's assessment commensurate with the appellant's request *is* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
