FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: GDB 2012, LLC
DOCKET NO.: 24-57441.001-R-1
PARCEL NO.: 14-33-331-036-0000

The parties of record before the Property Tax Appeal Board are GDB 2012, LLC, the appellant, by attorney Steven Kandelman, of Rieff Schramm Kanter & Guttman in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$46,500
IMPR.:	$118,500
TOTAL:	$165,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 5,040 square feet of gross building area and is approximately 132 years old. Features of the building include a full basement.[1] The property has a 3,000 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the subject's assessment neighborhood. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry or frame and masonry exterior construction ranging in size from 4,595 to 5,548 square feet of gross building area. The buildings are from 0

[1] The board of review disclosed the subject has a full basement, which was unrefuted by the appellant.

to 134 years old. One comparable has central air conditioning and two fireplaces. The appellant did not disclose the foundation type for the comparables, but in a supplementary table provided in the evidence indicated they were each a "1". The comparables have improvement assessments ranging from $72,780 to $99,143 or from $15.84 to $19.64 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $165,000. The subject property has an improvement assessment of $118,500 or $23.51 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables that are located in the subject's assessment neighborhood. The comparables are improved with 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 4,392 to 4,900 square feet of gross building area. The buildings are from 129 to 136 years old. Each comparable has a full basement, three of which are finished with either a formal recreation room or an apartment. One comparable has central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from $118,408 to $136,788 or from $25.91 to $27.92 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables for which the foundation types were not clearly and succinctly described. Further, the appellant's comparable #3 is substantially newer building than the subject and features central air conditioning, which the subject lacks. The Board also gives less weight to board of review comparable #4 which is a substantially smaller building than the subject, as well as featuring both central air conditioning and a garage amenity, both features the subject lacks.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #3 which are overall more similar to the subject in location, design/class, age, size, foundation, and other features. The comparables have improvement assessments ranging from $126,026 to $136,788 or from $25.91 to $27.92 per square foot of gross building area. The subject's improvement assessment of $118,500 or $23.51 per square foot of gross building area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board

finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
