

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Grant Lee
DOCKET NO.: 25-00226.001-R-1
PARCEL NO.: 15-24-202-014

The parties of record before the Property Tax Appeal Board are Grant Lee, the appellant, by attorney Arden Edelcup of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$81,165
IMPR.: \$146,613
TOTAL: \$227,778

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame exterior construction with 2,589 square feet of living area. The dwelling was constructed in 1972. Features of the property include a basement, central air conditioning, a fireplace and a garage with 594 square feet of building area. The property has a 20,473 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located within approximately .88 of a mile from the subject property. The comparables are improved with two-story dwellings of frame or frame and brick exterior construction ranging in size from 2,430 to 2,883 square feet of living area. The dwellings were built from 1966 to 1972.

Each comparable has a basement, central air conditioning, a fireplace and a garage ranging in size from 462 to 638 square feet of building area. The comparables have improvement assessments that range from \$96,527 to \$120,387 or from \$33.48 to \$46.59 per square foot of living area.

Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$118,024 or \$45.59 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$227,778. The subject has an improvement assessment of \$146,613 or \$56.63 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located within approximately .60 of a mile from the subject property. The comparables are improved with two-story dwellings of brick and frame exterior construction ranging in size from 2,744 to 2,842 square feet of living area. The dwellings were built from 1966 to 1975. Each comparable has a basement, central air conditioning, a fireplace and a garage ranging in size from 483 to 529 square feet of building area. The comparables have improvement assessments ranging from \$155,511 to \$161,067 or \$56.67 and \$56.68 per square foot of living area.

Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board finds all the comparables are similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments that range from \$96,527 to \$161,067 or from \$33.48 to \$56.68 per square foot of living area. The subject property's improvement assessment of \$146,613 or \$56.63 per square foot of living area falls within the range established by the comparables in the record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all

that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

Based on this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
