

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anil Rao
DOCKET NO.: 25-00283.001-R-1
PARCEL NO.: 15-28-208-001

The parties of record before the Property Tax Appeal Board are Anil Rao, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,267
IMPR.: \$126,776
TOTAL: \$159,043

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,078 square feet of living area. The dwelling was constructed in 1987. Features of the home include a basement, central air conditioning, and a 400 square foot garage. The property has a 10,080 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject and within 0.25 of a mile from the subject. The comparables are improved with 2-story homes ranging in size from 2,064 to 2,096 square feet of living area. The dwellings were built from 1986 to 1988. Each home has a basement, central air conditioning, and a 400 or a 440 square foot garage. The comparables have improvement assessments ranging from \$104,262 to \$117,137 or from \$50.51

to \$56.37 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$114,290.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$159,043. The subject property has an improvement assessment of \$126,776 or \$61.01 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject and within 0.40 of a mile from the subject.¹ The comparables are improved with 2-story homes ranging in size from 2,064 to 2,304 square feet of living area. The dwellings were built in 1987. Each home has a basement, central air conditioning, and a 400 or a 440 square foot garage. The comparables have improvement assessments ranging from \$126,431 to \$141,876 or from \$61.18 to \$61.27 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparables #1 and #3, which are less similar to the subject in dwelling size than the other comparables in this record.

The Board finds the best evidence of assessment equity to be appellant's comparables and the board of review's comparables #2 and #4, which are more similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$104,262 to \$126,465 or from \$50.51 to \$61.27 per square foot of living area. The subject's improvement assessment of \$126,776 or \$61.01 per square foot of living area falls above the range established by the best comparables in terms of total improvement assessment and within the range on a per square foot basis.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the taxation burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett,

¹ The Board notes the subject is shown as comparable #3 in the grid analysis and a comparable property is shown as the subject in the grid analysis. This comparable shall be labeled as comparable #3 for ease of reference.

20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence.

Based on this record, and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
