

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yang Liu
DOCKET NO.: 25-00301.001-R-1
PARCEL NO.: 15-16-207-035

The parties of record before the Property Tax Appeal Board are Yang Liu, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$67,587
IMPR.: \$232,401
TOTAL: \$299,988

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 3,885 square feet of living area. The dwelling was constructed in 2001. Features of the home include a basement, central air conditioning, a fireplace and a 651 square foot garage. The property has a 14,810 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within 0.31 of a mile from the subject. The comparables are improved with 2-story homes with 3,722 to 3,848 square feet of living area. The dwellings were built in 2001. Each home has a basement, central air conditioning, and a 651 square foot garage. The comparables have improvement assessments ranging from \$174,786 to \$223,247 or from \$45.42

to \$58.02 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$217,560.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$299,988. The subject property has an improvement assessment of \$232,401 or \$59.82 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within 0.12 of a mile from the subject. The comparables are improved with 2-story homes ranging in size from 3,698 to 3,885 square feet of living area. The dwellings were built in 2001. Each home has a basement, one with finished area, central air conditioning, and a 651 square foot garage. The comparables have improvement assessments ranging from \$226,940 to \$240,081 or from \$59.05 to \$62.18 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparable #2, which has finished basement area unlike the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables and the board of review's comparables #1, #3, and #4, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$174,786 to \$240,081 or from \$45.42 to \$62.18 per square foot of living area. The subject's improvement assessment of \$232,401 or \$59.82 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
