

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gerald Proszek
DOCKET NO.: 25-00302.001-R-1
PARCEL NO.: 15-33-408-008

The parties of record before the Property Tax Appeal Board are Gerald Proszek, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,892
IMPR.: \$124,928
TOTAL: \$157,820

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,048 square feet of living area. The dwelling was constructed in 1987 and is approximately 39 years old. Features of the home include a basement, central air conditioning, a fireplace and a 441 square foot garage. The property has an approximately 12,000 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same assessment neighborhood code and within .48 of a mile of the subject.

The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 2,018 to 2,238 square feet of living area. The homes were built in 1977 or 1979. Each comparable has a basement, central air conditioning, and a garage with 437 or 440 square feet of building area. The comparables have improvement assessments ranging from \$116,424 to \$130,095 or from \$57.69 to \$58.13 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$124,928 or \$61.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$166,047. The subject has an improvement assessment of \$133,155 or \$65.02 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code and within .41 of a mile of the subject property. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 2,018 to 2,095 square feet of living area. The homes were built in 1978 or 1979. Each comparable has a basement, with three having finished area. Each comparable has central air conditioning, a fireplace and a garage with 437 or 440 square feet of building area. The comparables have improvement assessments ranging from \$119,458 to \$130,935 or from \$59.20 to \$64.53 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparables #1, #3 and #4 which are less similar to the subject in finished basement area.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review comparable #2 which are similar to the subject in age, dwelling size, location, and most features. These comparables have improvement assessments that range from \$116,424 to \$130,095 or from \$57.69 to \$61.93 per square foot of living area. The subject's improvement assessment of \$133,155 or \$65.02 per square foot of living area falls above the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
