

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dennis Pearson
DOCKET NO.: 25-00479.001-R-1
PARCEL NO.: 04-04-430-004

The parties of record before the Property Tax Appeal Board are Dennis Pearson, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,878
IMPR.: \$107,335
TOTAL: \$118,213

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 2,100 square feet of living area. The dwelling is approximately 29 years old. Features of the home include a basement, central air conditioning, and a 576 square foot garage. The property has a 15,720 square foot site and is located in Winthrop Harbor, Benton Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within the same assessment neighborhood code as the subject and from 0.12 of a mile to 1.26 miles from the subject. The parcels range in size from 8,381 to 25,517 square feet of land area and are improved with 1-story homes ranging in size from 1,736 to 2,232 square feet of living area. The homes are from 16 to 63 years old. Each home has basement and a garage ranging in size from 483 to 576 square feet of building area. Two homes have central air conditioning. The comparables sold from June

2024 to October 2025 for prices ranging from \$270,000 to \$399,000 or from \$122.95 to \$178.76 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$118,213. The subject's assessment reflects a market value of \$354,674 or \$168.89 per square foot of living area, land included, when using the statutory level of assessment of 33.33%. In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within the same assessment neighborhood code as the subject and from 0.29 to 0.95 of a mile from the subject. The parcels range in size from 9,975 to 15,980 square feet of land area and are improved with 1-story homes ranging in size from 1,702 to 1,974 square feet of living area. The homes are from 19 to 76 years old. Each home has a basement, one with finished area, central air conditioning, and a garage ranging in size from 462 to 726 square feet of building area. The comparables sold from May 2022 to December 2024 for prices ranging from \$330,000 to \$336,000 or from \$167.17 to \$196.83 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparable #3 and the board of review's comparable #1, due to substantial differences from the subject in dwelling size and/or central air conditioning amenity. The Board gives less weight to the board of review's comparable #3 which sold less proximate in time to the assessment date than the other sales in this record.

The Board finds the best evidence of market value to be the appellant's comparables #1 and #2 and the board of review's comparable #2, which are more similar to the subject in dwelling size, location, and features, although these comparables vary from the subject in site size and age, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These most similar comparables sold for prices ranging from \$270,000 to \$399,000 or from \$122.95 to \$186.25 per square foot of living area, including land. The subject's assessment reflects a market value of \$354,674 or \$168.89 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
