FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Arthur Speakman
DOCKET NO.: 25-00481.001-R-1
PARCEL NO.: 04-09-210-021

The parties of record before the Property Tax Appeal Board are Arthur Speakman, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$9,209
IMPR.:	$130,508
TOTAL:	$139,717

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,240 square feet of living area. The dwelling is approximately 28 years old. Features of the home include a basement and a 528 square foot garage. The property has an 11,677 square foot site and is located in Winthrop Harbor, Benton Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 0.87 of a mile from the subject. The parcels range in size from 7,248 to 22,399 square feet of land area and are improved with 1.5-story or 2-story homes ranging in size from 1,960 to 2,146 square feet of living area. The dwellings are 21 to 49 years old. Each home has a basement and a garage ranging in size from 456 to 936 square feet of building area. The comparables sold from March 2023 to March 2024 for prices ranging from $315,000 to $425,000 or from $147.95 to $208.74 per square foot

of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $139,717. The subject's assessment reflects a market value of $419,193 or $187.14 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on two comparable sales located within 0.22 of a mile from the subject. Comparable #2 is the same sale as the appellant's comparable #5, described above, except the board of review reported this property has finished basement area unlike the appellant. Comparable #1 has a 13,375 square foot site that is improved with a 1.5-story home with 1,517 square feet of living area. The dwellings is 40 years old and features a basement with finished area and a 624 square foot garage. This comparables sold in August 2024 for a price of $370,000 or $243.90 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six comparable sales, with one common sale, for the Board's consideration. The Board gives less weight to the board of review's comparable #1, which is a signficantly smaller home than the subject, and to the appellant's comparables #1, #2, and #3, which sold less proximate in time to the assessment date than the other sales in this record.

The Board finds the best evidence of market value to be the appellant's comparable #4 and the appellant's comparable #5/board of review's comparable #2, which sold more proximate in time to the assessment date and are similar to the subject in dwelling size, location, and some features, but have varying degrees of similarity to the subject in design, age, site size, basement finish, and garage size. These most similar comparables sold for prices of $378,700 and $425,000 or $178.46 and $208.74 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of $419,193 or $187.14 per square foot of living area, including land, which is bracketed by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
