FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Kori Mapes
DOCKET NO.: 25-00588.001-R-1
PARCEL NO.: 06-07-103-010

The parties of record before the Property Tax Appeal Board are Kori Mapes, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$20,047
IMPR.:	$76,147
TOTAL:	$96,194

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of wood frame exterior construction with 1,862 square feet of living area. The dwelling was constructed in 1971 and is approximately 54 years old. Features of the home include a basement with finished area[1], central air conditioning, a fireplace and a 528 square foot garage. The property has an approximately 40,284 square foot site and is located in Lake Villa, Lake Villa Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 1.46 miles of the subject property. The comparables have sites that range in size from 9,413 to 35,998 square feet of land area and are improved with 1-story dwellings of wood frame exterior construction

[1] The Board finds the best evidence of the subject's basement area was found in the property record card submitted by the board of review, not refuted by the appellant.

ranging in size from 1,510 to 2,144 square feet of living area. The dwellings range in age from 63 to 68 years old. One comparable has central air conditioning, one comparable has a fireplace and two comparables each have a garage with 460 or 616 square feet of building area. The properties sold from June to December 2024 for prices ranging from $207,000 to $253,000 or from $118.00 to $152.32 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to $96,194 which reflects a market value of $288,611 or $155.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $126,366. The subject's assessment reflects a market value of $379,136 or $203.62 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 1.56 miles of the subject property. The comparables have sites that range in size from 8,646 to 11,523 square feet of land area and are improved with 1-story dwellings of wood siding exterior construction ranging in size from 1,004 to 1,260 square feet of living area. The homes range in age from 36 to 66. Each comparable has a basement with finished area. Three comparables have central air conditioning, two comparables each have a fireplace and three comparables have a garage with 528 or 624 square feet of building area. The properties sold from March to July 2024 for prices ranging from $278,500 to $341,000 or from $257.94 to $308.32 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven comparable sales for the Board's consideration. The Board gives less weight to the board of review's comparables which are less similar to the subject in dwelling size and/or age.

The Board finds the best evidence of market value to be the appellant's comparables which are more similar to the subject in age and dwelling size. However, these properties present varying degrees of similarity to the subject in central air conditioning, garage amenity, dwelling size and /or location suggesting adjustments are needed to make these comparables more equivalent to the subject. These comparables sold from June to December 2024 for prices ranging from $207,000 to $253,000 or from $118.00 to $152.32 per square foot of living area, including land. The subject's assessment reflects a market value of $379,136 or $203.62 per square foot of living area, including land, which falls above the range established by the best comparable sales in this record. After considering appropriate adjustments to the best comparables for differences from

the subject, the Board finds the subject's assessment is not justified and a reduction in the subject's assessment, commensurate with the appellant's request, is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
