

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Mushinskiy
DOCKET NO.: 25-00592.001-R-1
PARCEL NO.: 06-10-203-048

The parties of record before the Property Tax Appeal Board are Mark Mushinskiy, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,588
IMPR.: \$184,210
TOTAL: \$228,798

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of wood frame exterior construction with 2,119 square feet of living area. The dwelling was constructed in 2020 and is approximately 5 years old. Features of the home include a basement with finished area¹, central air conditioning, and a 600 square foot garage. The property has an approximately 13,525 square foot site and is located in Lake Villa, Lake Villa Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 1.80 miles of the subject property. The comparables have sites that range in size from 10,881 to 20,735 square feet of land area and are improved with 1-story dwellings of wood frame exterior construction

¹ The Board finds the best evidence of the subject's basement area was found in the property record card submitted by the board of review, not refuted by the appellant.

ranging in size from 1,716 to 1,952 square feet of living area. The dwellings range in age from 23 to 87 years old. Each comparable has a basement and central air conditioning. Three comparables have a fireplace and three comparables each have a garage ranging in size from 462 to 600 square feet of building area. The properties sold from September 2023 to July 2025 for prices ranging from \$272,500 to \$425,000 or from \$139.60 to \$247.67 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$177,978 which reflects a market value of \$533,987 or \$252.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$228,798. The subject's assessment reflects a market value of \$686,463 or \$323.96 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 4.59 miles of the subject property. The comparables have sites that range in size from 9,802 to 35,620 square feet of land area and are improved with 1-story dwellings of brick or wood siding exterior construction ranging in size from 1,400 to 2,366 square feet of living area. The homes range in age from 21 to 52. Each comparable has a basement, with three having finished area. Each comparable has central air conditioning and a garage ranging in size from 440 to 1,176 square feet of building area. Three comparables have two or three fireplaces. The properties sold from May 2024 to June 2025 for prices ranging from \$575,000 to \$700,000 or from \$295.86 to \$410.71 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration. The board finds that none of the comparables are particularly similar to the subject as they all differ from the subject in key characteristics such as location, age, dwelling size, basement amenity, basement finished area, other features and/or sold less proximate to the assessment date of January 1, 2025. These comparables sold from September 2023 to July 2025 for prices ranging from \$272,500 to \$700,000 or from \$139.60 to \$410.71 per square foot of living area, including land. The subject's assessment reflects a market value of \$686,463 or \$323.96 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
