

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Diego Morales
DOCKET NO.: 25-00598.001-R-1
PARCEL NO.: 06-16-314-008

The parties of record before the Property Tax Appeal Board are Diego Morales, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,577
IMPR.: \$72,594
TOTAL: \$83,171

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of wood frame exterior construction with 1,026 square feet of living area. The dwelling was constructed in 1994 and is approximately 31 years old. Features of the home include basement with finished area¹, central air conditioning, a fireplace and a 576 square foot garage. The property has an approximately 5,001 square foot site and is located in Round Lake Beach, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on nine comparable sales located within 1.64 miles of the

subject property. The comparables have sites that range in size from 4,613 to 6,747 square feet of land area and are improved with 1-story dwellings of wood frame exterior construction ranging in size from 912 to 1,096 square feet of living area. The dwellings range in age from 32 to 66. Five comparables have central air conditioning and two comparables have a garage with 400 or 484 square feet of building area. The properties sold from February 2023 to November 2024 for prices ranging from \$195,000 to \$230,000 or from \$185.36 to \$224.78 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$69,077 which reflects a market value of \$207,252 or \$202.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$83,171. The subject's assessment reflects a market value of \$249,538 or \$243.21 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within 1.58 miles of the subject property. The comparables have sites that range in size from 4,600 to 10,781 square feet of land area and are improved with 1-story dwellings of vinyl siding exterior construction with 1,004 or 1,056 square feet of living area. The homes range in age from 39 to 54 years old. Each comparable has a basement with finished area, central air conditioning, and a garage ranging in size from 480 to 1,020 square feet of building area. The properties sold from September 2024 to April 2025 for prices ranging from \$240,000 to \$300,000 or from \$239.04 to \$284.09 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted twelve comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparable #1 which are less similar to the subject in age, lack of central air conditioning, lack of garage amenity, lack of basement area and/or sold less proximate to the assessment date of January 1, 2025 than other properties in the record.

The Board finds the best evidence of market value to be the board of review's comparables #2 and #3 which are more similar to the subject in age, dwelling size, basement area and sold proximate to the assessment date of January 1, 2025. These comparables sold September and October 2024 for prices of \$240,000 and \$250,000 or \$239.04 to \$249.00 per square foot of living area, including land. The subject's assessment reflects a market value of \$249,538 or \$243.21 per square foot of living area, including land, is bracketed by the two best comparable

sales in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
