FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Joshua Berman
DOCKET NO.: 25-00620.001-R-1
PARCEL NO.: 10-18-202-017

The parties of record before the Property Tax Appeal Board are Joshua Berman, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$34,816
IMPR.:	$131,175
TOTAL:	$165,991

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 3,152 square feet of living area. The dwelling was constructed in 2012 and is approximately 13 years old. Features of the home include a full unfinished basement, central air conditioning and a 620 square foot garage. The property has an approximately 13,344 square foot site and is located in Wauconda, Fremont Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within .26 of a mile from the subject. The comparables are improved with 2-story dwellings of vinyl exterior construction with 3,152 square feet of living area. The dwellings were constructed from 2008 to 2011 and have unfinished basements. Each home has central air conditioning and a 620 square foot garage. The comparables have improvement

assessments ranging from $126,536 to $128,393 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $165,991. The subject has an improvement assessment of $131,175 or $41.62 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within .30 of a mile from the subject. The comparables are improved with 2-story dwellings of vinyl siding exterior construction with either 3,152 or 3,178 square feet of living area. The dwellings range in age from 12 to 15 years old and have full basements, one with finished area. The comparables each have central air conditioning and a garage with 620 square feet of building area. Three comparables have a fireplace. The comparables have improvement assessments ranging from $130,817 to $134,509 or from $41.16 to $42.67 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to board of review comparable #3 which has finished basement area when compared to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar if not identical to the subject in location, age, dwelling size and features. These comparables had improvement assessments ranging from $126,536 to $133,984 or from $40.20 to $42.51 per square foot of living area. The subject's improvement assessment of $131,175 or $41.62 per square foot of living area is within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
