

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Laura Katona  
DOCKET NO.: 25-00628.001-R-1  
PARCEL NO.: 06-27-308-008

The parties of record before the Property Tax Appeal Board are Laura Katona, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$16,812  
**IMPR.:** \$104,362  
**TOTAL:** \$121,174

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 2,120 square feet of living area. The dwelling was constructed in 1993 and is approximately 32 years old. Features of the home include a basement with finished area,<sup>1</sup> central air conditioning, 2½ bathrooms and a 400 square foot garage. The property has an approximately 7,048 square foot site and is located in Hainesville, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties that have the same assessment neighborhood code as the subject, three of which are located from .41 to .52 of a mile from the subject property. The comparables have sites that range in size from approximately 7,179 to

<sup>1</sup> The subject's property record card provided by the board of review disclosed the subject has 754 square feet of basement finish, which was not reported by nor was it refuted by the appellant.

10,010 square feet of land area. The comparables are improved with two-story dwellings of wood frame exterior construction with 2,120 or 2,438 square feet of living area. The dwellings are from 30 to 33 years old. The comparables each have a basement, central air conditioning, 2½ bathrooms and a garage containing 380 or 400 square feet of building area. Comparable #1 has a fireplace. The comparables sold from April 2023 to April 2024 for prices ranging from \$330,000 to \$385,000 or from \$155.66 to \$166.04 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$112,349, which would reflect a market value of \$337,081 or \$159.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$121,174. The subject's assessment reflects a market value of \$363,558 or \$171.49 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties that have the same assessment neighborhood code as the subject and are located from approximately .02 to .25 of a mile from the subject property. The comparables have sites that range in size from 6,896 to 9,605 square feet of land area. The comparables are improved with two-story dwellings of vinyl siding exterior construction ranging in size from 1,640 to 2,120 square feet of living area. The dwellings are 31 or 32 years old. The comparables each have a basement, three of which have finished area. Each comparable has central air conditioning, 2½ bathrooms and a garage with 400 or 664 square feet of building area. Three comparables each have a fireplace. The comparables sold from May 2024 to December 2025 for prices ranging from \$330,000 to \$393,500 or from \$170.75 to \$229.71 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #3, which have sale dates that occurred in 2023, less proximate to the lien date at issue than other comparable sales in the record and/or a larger dwelling size. The Board has given less weight to board of review comparables #1 and #2 due to their smaller dwelling sizes, when compared to the subject.

The Board finds the best evidence of market value to be the appellant's comparable #4, along with board of review comparables #3 and #4, which sold more proximate to the January 1, 2025 assessment date and are relatively similar to the subject in location and site size. The comparables are also similar, if not identical, to the subject in dwelling size, design, age and

some features. These three properties sold from April to July 2024 for prices ranging from \$352,000 to \$385,000 or from \$166.04 to \$181.60 per square foot of living area, including land. The subject's assessment reflects a market value of \$363,558 or \$171.49 per square foot of living area, including land, falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
