FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Jaccqulin Ray
DOCKET NO.: 25-00634.001-R-1
PARCEL NO.: 06-30-210-002

The parties of record before the Property Tax Appeal Board are Jaccqulin Ray, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$16,348
IMPR.:	$97,971
TOTAL:	$114,319

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 1,743 square feet of living area. The dwelling was constructed in 2000 and is approximately 25 years old. Features of the home include a basement, central air conditioning, 2½ bathrooms, a fireplace and a 420 square foot garage. The property has an approximately 6,839 square foot site and is located in Round Lake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable properties that have the same assessment neighborhood code as the subject and are located from .16 to .27 of a mile from the subject property. The comparables have sites that range in size from approximately 7,806 to 12,950 square feet of land area. The comparables are improved with two-story dwellings of wood frame exterior construction ranging in size from 1,663 to 1,916 square feet of living area. The

dwellings are 30 or 32 years old. The comparables each have a basement, central air conditioning, 2½ bathrooms and a garage with 420 or 620 square feet of building area. Three comparables each have a fireplace. The comparables sold from January 2023 to May 2024 for prices ranging from $249,900 to $380,000 or from $141.75 to $198.33 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to $102,246, which would reflect a market value of $306,769 or $176.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $114,319. The subject's assessment reflects a market value of $342,991 or $196.78 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on three comparable properties that have the same assessment neighborhood code as the subject and are located from approximately .16 to .19 of a mile from the subject property. The board of review's comparable #1 is the same property as the appellant's comparable #5.[1] The comparables have sites that range in size from approximately 7,522 to 9,274 square feet of land area. The comparables are improved with two-story dwellings of vinyl siding exterior construction ranging in size from 1,663 to 1,916 square feet of living area. The dwellings are from 25 to 31 years old. The comparables each have a basement, 2½ or 3½ bathrooms, a fireplace and a garage with 420 or 620 square feet of building area. Two comparables have central air conditioning. The comparables sold from April 2024 to April 2025 for prices ranging from $367,500 to $380,000 or from $198.33 to $220.99 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable sales for the Board's consideration, as one sale was common to both parties. The Board has given less weight to the appellant's comparables #1, #3 and #4 which have sale dates that occurred from 16 to 23 months prior to the lien date at issue than other sales in the record.

The Board finds the best evidence of market value to be the appellant's comparables #2 and #5, along with the three comparables submitted by the board of review, which includes the common

[1] The parties differ as to the month in which the common comparable sold. The board of review reported the property sold in April 2024, whereas the appellant reported the property sold in May 2025.

comparable. The Board finds these four comparables sold more proximate to the January 1, 2025 assessment date and are similar to the subject in location, dwelling size, design, age and some features. The comparables sold from December 2023 to April 2025 for prices ranging from $316,000 to $380,000 or from $180.88 to $220.99 per square foot of living area, including land. The subject's assessment reflects a market value of $342,991 or $196.78 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
