

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Kathy Plaku
DOCKET NO.: 25-00814.001-R-1
PARCEL NO.: 08-07-300-015

The parties of record before the Property Tax Appeal Board are Kathy Plaku, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,503
IMPR.: \$154,525
TOTAL: \$165,028

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.75-story dwelling of wood siding exterior construction with 2,783 square feet of living area. The dwelling was constructed in 2005 and is approximately 20 years old. Features of the home include a basement, central air conditioning, one fireplace, an attached garage with 1,137 square feet of building area and a detached garage with 400 square feet of building area.¹ The property has an approximately 19,667 square foot site and is located in Waukegan, Waukegan Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located in a different neighborhood code than the subject and from .50 of a mile to 1.51 miles from the subject property. The comparables have sites that range in size from 12,963 to 28,266 square feet of land area. The

¹ The Board finds the best description of the subject is found in the property record card provided by the board of review, that was not refuted by the appellant.

comparables are improved with 1.5-story or 2-story dwellings of wood frame exterior construction ranging in size from 2,318 to 3,128 square feet of living area. The comparables range in age from 35 to 55 years old. Each comparable has a basement, central air conditioning and a garage ranging in size from 506 to 1,296 square feet of building area. Two comparables each have one fireplace. The comparables sold from June 2024 to July 2025 for prices ranging from \$315,000 to \$412,371 or from \$131.83 to \$139.42 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$174,516. The subject's assessment reflects a market value of \$523,600 or \$188.14 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales. The comparables are located in a different assessment neighborhood than the subject and from 1.07 to 2.36 miles from the subject property. The comparables have sites ranging in size from 6,300 to 39,370 square feet of land area. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,428 to 2,646 square feet of living area. The comparables range in age from 22 to 30 years old. Each comparable has a basement, three with finished area, central air conditioning and a garage ranging in size from 420 to 576 square feet of building area. Two comparables each have one fireplace. The comparables sold from May 2023 to September 2024 for prices ranging from \$357,000 to \$420,000 or from \$146.35 to \$158.73 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of seven comparable sales for the Board's consideration. The Board has given less weight to board of review comparables #1 and #3 due to their remote sale dates occurring in 2023 which is less proximate in time to the January 1, 2025, assessment date given other sales available in the record. The Board has given reduced weight to appellant's comparables #1 and #3 due to their older dwelling ages when compared to the subject.

The Board finds the best evidence of market value to be appellant's comparable sale #2 along with board of review comparable sales #2 and #4. The Board finds that these comparables sold more proximate to the January 1, 2025, assessment date and are similar to the subject in age and dwelling size with varying degrees of similarity to the subject in location and some features. However, each comparable lacks a second garage and each has a smaller site size suggesting upward adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, the comparables sold from June 2024 to July 2025 for prices ranging from

\$357,000 to \$420,000 or from \$131.83 to \$158.73 per square foot of living area, including land. The subject's assessment reflects a market value of \$523,600 or \$188.14 per square foot of living area, including land, which falls above the range of the best comparable sales in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
