

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ruben Hegar
DOCKET NO.: 25-00841.001-R-1
PARCEL NO.: 08-19-204-067

The parties of record before the Property Tax Appeal Board are Ruben Hegar, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,963
IMPR.: \$70,909
TOTAL: \$84,872

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of wood siding exterior construction with 1,144 square feet of living area.¹ The dwelling was constructed in 1977 and is approximately 48 years old. Features of the home include a basement, central air conditioning and garage with 420 square feet of building area. The property has an approximately 8,416 square foot site and is located in Waukegan, Waukegan Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on nine comparable sales located in the same assessment neighborhood code as the subject and within .90 of a mile from the subject property. The comparables have sites that range in size from 4,630 to 10,568 square feet of land area. The comparables are improved with 1-story dwellings of wood frame exterior construction ranging in

size from 936 to 1,318 square feet of living area. The comparables range in age from 47 to 116 years old. Each comparable has a basement and a garage ranging in size from 264 to 728 square feet of building area. Six comparables each have central air conditioning and four comparables each have one fireplace. The comparables sold from January 2023 to May 2025 for prices ranging from \$130,000 to \$230,000 or from \$127.49 to \$195.38 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$84,872. The subject's assessment reflects a market value of \$254,641 or \$222.59 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales. The comparables are located in the same assessment neighborhood code as the subject and within .77 of a mile from the subject property. The comparables have sites that range in size from 5,951 to 8,240 square feet of land area. The comparables are improved with 1-story dwellings of brick or wood siding exterior construction ranging in size from 930 to 1,320 square feet of living area. The comparables range in age from 57 to 95 years old. Each comparable has a basement and a garage ranging in size from 252 to 440 square feet of building area. Two comparables each have central air conditioning and one comparable has a fireplace. The comparables sold from February to October 2025 for prices ranging from \$252,000 to \$299,000 or from \$226.52 to \$287.39 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 13 comparable sales for the Board's consideration. The Board has given less weight to appellant's comparables #2, #3, #4, #6, #8 and #9 as well as board of review comparables #1, #3 and #4 due to their differences from the subject in dwelling size and/or remote sale dates occurring in 2023 which is less proximate in time to the January 1, 2025, assessment date given other sales available in the record. The Board has given reduced weight to appellant's comparable sale #1, which appears to be an outlier due to its considerably lower sale price when compared to other sales in the record.

The Board finds the best evidence of market value to be appellant's comparable sales #5 and #7 along with board of review comparable sale #2. The Board finds that these comparables sold more proximate to the January 1, 2025, assessment date and are most similar to the subject in location, design, dwelling size and some features. However, each comparable is older in age and two comparables each lack central air conditioning, suggesting upward adjustments would be

required to make these comparables more equivalent to the subject. Nevertheless, the comparables sold from October 2024 to June 2025 for prices ranging from \$200,000 to \$279,900 or from \$170.71 to \$244.67 per square foot of living area, including land. The subject's assessment reflects a market value of \$254,641 or \$222.59 per square foot of living area, including land, which falls within the range of the best comparable sales in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
