FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: John Wiesman
DOCKET NO.: 25-00847.001-R-1
PARCEL NO.: 08-28-118-007

The parties of record before the Property Tax Appeal Board are John Wiesman, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$9,550
IMPR.:	$43,315
TOTAL:	$52,865

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 1,152 square feet of living area.[1] The dwelling was constructed in 1952 and is approximately 73 years old. Features of the property include a basement, central air conditioning and a garage with 308 square feet of building area. The property has an approximately 6,824 square foot site and is located in Waukegan, Waukegan Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable properties that have the same assessment neighborhood code as the subject, one of which is located along the same street as the subject and two are located within .55 of a mile from the subject property. The comparables have sites

[1] The subject's property record card disclosed the subject dwelling has a brick exterior and the property has a site with approximately 6,824 square feet of land area, which were not refuted by the appellant.

that range in size from approximately 5,959 to 7,597 square feet of land area. The comparables are improved with one-story dwellings of wood frame exterior construction ranging in size from 952 to 1,342 square feet of living area. The dwellings are from 66 to 101 years old. Each comparable has a basement. Comparable #2 has a fireplace. Two comparables each have a garage with 280 or 400 square feet of building area. The comparables sold from January 2023 to August 2024 for prices ranging from $137,500 to $170,000 or from $126.68 to $144.43 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to $49,531, which would reflect a market value of $148,608 or $129.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $52,865. The subject's assessment reflects a market value of $158,611 or $137.68 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located from approximately .20 of a mile to 1.01 miles from the subject property, three of which have the same assessment neighborhood code as the subject. The comparables have sites that range in size from 6,930 to 10,075 square feet of land area. The comparables are improved with one-story dwellings of aluminum siding or brick exterior construction ranging in size from 963 to 1,272 square feet of living area. The dwellings are from 29 to 80 years old. The comparables each have a basement, one of which has finished area. Comparable #4 has central air conditioning. Each comparable has a garage ranging in size from 336 to 1,280 square feet of building area. The comparables sold from December 2024 to June 2025 for prices ranging from $190,000 to $339,000 or from $184.75 to $275.16 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables, as well as board of review comparable #1 which are less similar to the subject dwelling in age or their sale dates occurred less proximate to the lien date at issue than other sales in the record. The Board has also given less weight to board of review comparable #4 which is located more than one mile from the subject.

The Board finds the best evidence of market value to be board of review comparables #2 and #3, which sold more proximate to the January 1, 2025 assessment date. The Board finds these two properties are overall more similar to the subject in location and age and relatively similar to the

subject in dwelling size and some features. These two properties sold in January and May 2025 for prices of $190,000 and $232,500 or for $197.30 and $218.52 per square foot of living area, including land. The subject's assessment reflects a market value of $158,611 or $137.68 per square foot of living area, including land, which falls below the two best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
